### THREE BURN TO DEATH IN APARTMENT BLAZE

#### EXPLOSION CAUSES FIRE THAT CLAIMS MOTHER AND BABES

Husband and Father Hysterical as Rescue Attempts Fail

New York, June 12.—Mrs. Rose Burns, 28, and her two sons, Thomas aged three years and James, 2 years old, were burned to death early today in a fire which swept their apartment here following an explosion of undetermined origin.

James Burns, 31, a trolley inspector, told police he was awakened by the explosion to find his rooms in a blaze and smashed his way through a window.

When he recovered from his shock, he returned through the fire several times in ineffectual attempts to rescue his family.

The authorities were investigating a report that hops were being cooked on the kitchen stove in the Burns home.

Mrs. Burns was treated for severe burns about the hands. He became hysterical when he learned his family was dead.

#### TAKING OF EVIDENCE STARTED IN SECOND JOSIAH KIRBY TRIAL

Six Men And Six Women To Hear Case—Thirteenth Juror Also Is Selected

Cleveland, June 12.—Statements by state and defense attorneys and the taking of evidence will begin today in the trial of Josiah Kirby, former president of the collapsed Cleveland Discount Company. Six men and six women jurors, all of Cleveland, were sworn late yesterday before Common Pleas Judge Fred H. Wolf, Wauson, Ohio, sitting here by assignment.

A thirteenth juror was also selected in the event that one of the jurors becomes ill, in this trial, growing out of the collapse of the \$300,000 discount company. Kirby is technically accused of larceny of \$4,200 in preferred stock from George L. Pix, of Cleveland. Special Prosecutor Joseph L. Eagleton, is expected to claim in his opening argument that Kirby obtained \$1,280,000 of preferred stock by trading common stock for it. In the first trial he was acquitted of the charge of issuing a false financial statement to defraud.

Kirby, smiling as ever, stood up and bowed to the jurors when he was introduced to the panel. He joked and talked freely to newspapermen and declared himself confident of acquittal.

Kirby goes to Delaware, O., tomorrow to be arraigned on charges there, growing out of a special grand jury investigation.

#### POSSIBLE OHIOAN MAY WIN BENNETT CUP

Brussels, June 12.—Possibility that W. T. Van Orman, of Akron, O., pilot of the Goodyear III may be given second place in the Gordon Bennett cup race appeared heightened today with the assurance of the Belgian Aero club that his protest of disqualification would be studied under article 128 of the Gordon Bennett race rules. The article disqualifies all contestants who come down on the water, receiving aid from a boat. Van Orman and his aide, C. K. Wollam, landed on the deck of the steamer Vaterland.

"I caught my guide rope in the steamer's rigging and fell into the water," said Van Orman. "My feet were not even wet. I have turned into the Aero Club affidavits from the captain of the steamer proving my landing was regular, for which I claim I should be classed as second with the Belgian balloon pilot by Veenstra first."

#### TO BUILD ROADS

Defiance, June 12.—Four townships are included in the eight and one-half mile road building program that Defiance County may carry out this summer, comprising 3½ miles of the Allen road, Adams Township; 2 miles of the Bucksin Road, Noble Township; 2 miles of the Delaware Bend Road, Delaware Township, and 1 mile of the Clemmer Road, Hicksville Township, all considered for stoning.

PIPE DREAM SAYS AL  
Albany, N. Y., June 12.—"I can't be responsible for somebody's pipe dream."

This constituted Governor Al Smith's denial today of published reports that he would retire from public life at the close of his present term.

The governor said he had made no retirement plans.

#### MANUFACTURERS OF RUBBER PRODUCTS TO BOYCOTT BRITISH

Program Expected To Help Reduce Price of Crude Rubber

Akron, June 12.—As the result of an all day meeting Thursday, directors of the Rubber Association of America here decided to attempt a virtual boycott of the British market through arrangements with the Dutch government, which controls 40 per cent of the crude rubber output of the world.

The meeting was attended by leading manufacturers of the United States and was called by W. O. Rutherford, president of the R. A. of A. and vice president of the B. F. Goodrich Company of Akron. The new plan is expected to help reduce the price of crude, which has been forced up, mainly because of British manipulation from 17 to 79 cents per pound in the last year.

In addition, the plants represented by the delegates to the conference are agreed to reduce inventories for a time in the way of types and sizes of tires, footwear and mechanical goods; abandon interchangeable balloon tire sizes, eliminate second quality lines and postpone for five months solicitation of orders for spring dating. There is also provision that no shipments be made on such orders until 1926.

Such a policy of economy and restricted output will effect a substantial decrease in the demand for crude, it is believed.

Many manufacturing needs will be taken care of by substitution of reclaimed rubber for crude, as suggested recently by Herbert Hoover, secretary of commerce.

The program calls for cutting down production to a point where Dutch plantations can supply a majority of the American needs. It also means a probable holdup of further tire price boosts. The association is said to have been assured by the Dutch government that no price restrictions will be imposed as has been the custom of British growers.

A committee was appointed to confer with representatives of Netherlands to perfect the new program.

#### HOPE U. S. WILL AID AMUNDSEN SEARCH

Oslo, Norway, June 12.—Norwegian friends of Captain Roald Amundsen still were hopeful today that the United States will aid in the search in the polar region for the missing Amundsen-Ellsworth North Pole flyers.

There is a possibility a sea expedition may go north prepared to remain all winter in the Arctic and be equipped with sledges to search for Amundsen. It would be desirable that hydroplanes be included for reconnoitering.

This was brought out today in comment by the Norwegian newspaper Tidens, which discussed the refusal of Secretary of the Navy Wilbur to allow aircraft to join the several relief expeditions.

#### HOOVER MAKES PLEA FOR CO-OPERATION

Oskaloosa, Ia., June 12.—A plea for co-operation along the fundamental economic groups, farmer, labor, railroad and merchant—was made here today by Secretary of Commerce Hoover, addressing the graduating class at Penn college.

Real progress in America, according to Hoover, is impossible until these groups are relieved of all justified feeling of injustice and oppression. He pointed out that the economic groups represent parts of a great co-operative society, which comprises the country's entire business fabric.

#### ROAD BLOWS UP

Bellaire, June 12.—The recent heat wave resulted in a portion of the concrete road between here and Neffs blowing up, making the highway impassable for some types of vehicles. Bus service was interfered with.

#### Fosdick, New Rockefeller Pastor, Plans "Church Lincoln Could Have Joined"

"I want a church Abraham Lincoln could have joined," thus does Dr. Harry Emerson Fosdick state his plans for making a great liberal church of Park Avenue Baptist, New York City, of which the John D. Rockefeller, junior and senior, are members. He was called to the pulpit after demanding that his salary be limited to \$5,000 a year, that baptism by immersion be made optional, and the church thrown open to all Christians of whatever creed.

### TAX REVISION PROGRAM BEGINS TO TAKE FORM WITH ARRIVAL OF SMOOT

Utah Senator To Confer With Mellon On New Plan To Be Submitted To Congress—Underwood To Open Tax Reform Campaign With Speech

Washington, June 12.—With the arrival here of Senator Reed Smoot, of Utah, chairman of the senate finance committee for conferences with Secretary Mellon, the revenue act of 1924 is unsatisfactory in many respects and that a countrywide demand is developing for tax revision or "tax reforms" as the president declares it. This would include the elimination of the "discriminatory taxes" which are now held to restrict business by demanding too great a tribute from the larger incomes. Reduction of surtaxes will be proposed along with more liberal exemptions for small incomes, although the last tax law provided for greater reductions in the latter class than those originally proposed in the "Mellon plan."

#### PAIR ARRESTED IN KIDNAPING OF MARY PICKFORD TO FIGHT

Los Angeles, June 12.—A legal fight to dispel the mystery surrounding the alleged plot to kidnap Mary Pickford and hold her for a \$200,000 ransom to be paid by her husband, Douglas Fairbanks, was begun today when Adrian Woods and Claude Holcomb held with C. Z. Stevens, in the purported conspiracy, filed a demurrer to the grand jury indictment on the ground that the trio actually committed no offense.

Attorneys for the men declare that instead of "confessing" and pleading guilty, as announced by detectives who arrested them, the trio would fight the indictment.

Woods and Holcomb it was said by their lawyers, were anxious to take the witness stand and tell exactly "how they were persuaded into the asserted conspiracy."

Attorneys for Stevens declared the "plot" was "framed" by police as a publicity stunt to advertise the prowess of the officers seeking promotion.

#### FRENCH CABINET APPROVES REPLY

Paris, June 12.—The French cabinet today unanimously approved the text of the French reply to the security pact proposals made by Germany, which will be forwarded to Germany, probably Monday.

The cabinet voted its thanks to Foreign Minister Briand for his successful negotiations at Geneva, resulting in the proffer of Franco-British accord in the pact.

#### PITTSBURGH FORGER OFFERS TO PRODUCE R. E. WHITE TO POLICE

Defense Counsel Attacks Testimony of State's First Witness

Chicago, June 12.—The McClintock drama in Judge Thomas J. Lynch's courtroom today featured the cross examination of Alexander Richmann, lawyer and co-guardian of the millionaire orphan, by Attorneys William Scott Stewart and W. W. O'Brien, counsel for William D. Shepherd, fighting for freedom on the charge that he murdered "Billy" McClintock.

Shepherd's attorneys were prepared for a bitter grilling of the lawyer held to be long a foe of Shepherd and who was the principal part yesterday in State's Attorney Robert E. Crowe's attempt to prove a motive for the "typhoid murder" he laid at Shepherd's door.

Another big crowd gathered the second day of testimony. Bitter clashes between counsel marked yesterday's proceedings.

Added interest in the case cropped up today with the report that Robert E. White, missing witness, was in the county jail in Pittsburgh, anxious to return to testify.

One report had it that he would return to testify for the defense; another that he would be a state witness. The report said that White was in the Pittsburgh jail, charged with forgery and obtaining money under false pretenses.

Pittsburgh, June 12.—Robert White, missing witness in the William D. Shepherd "germ murder" trial at Chicago, is in Pittsburgh and can be produced within twenty-four hours.

This was the statement today to police of Frank Loras, 38, held in the Allegheny County Jail on a charge of attempted forgery.

"I know where White is hiding," Loras declared. "If charges against me here are quashed, I will promise to deliver White to the police within twenty-four hours, or forty-eight hours at the most. And I will agree to remain in jail until White has been produced as evidence of my good faith."

#### MINER KILLED WHEN STRIKERS IN RIOTS WITH CANADA POLICE

Four Hundred Troops Are Sent To New Waterford, N. S., To Quell Fighting

Halifax, N. S., June 12.—Four hundred government troops were due to arrive today in New Waterford, N. S., where 2,000 striking miners were in possession of the power plant of the British Empire Steel Corporation, following bloodshed and rioting in which one miner was killed and forty miners and company police were injured, ten of them seriously.

Chief of Police Noble of Waterford, had both legs broken and his head battered, but is expected to live.

The mob swept down on the power plant when the police who were guarding it had exhausted their ammunition. A score of police were captured and were dragged through the streets, kicked and clubbed. But for the intervention of two Catholic priests, it was believed some of the men would have been killed.

After seizing the power plant, strikers raided the company's store, carried off all provisions and clothing and set fire to the building.

#### PLEA FOR REPRIEVE FAILS; MAN DIES

Columbus, June 12.—Kondrat K. Gwozdenkow, of Big Run, Belmont County, who was put to death in the electric chair at Ohio State penitentiary here early today for the murder of 7 year old Annie Kusko, July 18, 1924, will be buried this afternoon in Union Cemetery here. Last minute efforts by attorneys to obtain a reprieve failed, when Judge Cowan, of Belmont County, and Governor Donahy refused to interfere. Gwozdenkow went to the chair, telling death chamber attendants to "hurry up."

#### THAW AGAIN DE SERPTS WHITE LIGHTS

New York June 12.—After another night among the bright lights Harry Thaw, "the playboy of Broadway," suddenly departed early today for his country home in Winchester, Va., without telling reporters whether he will return or not.

Thaw spent the evening at a theater where he occupied a seat in the fifth row.

Will Rogers, doing his turn, announced that "There's a man

in the house whom all of us know," and the spotlight was switched upon the slayer of Stanford White.

There was a craning of necks. Then a moderate burst of applause.

They stared straight ahead. Then after the show, Thaw and his companions tried to catch a midnight train. They were a few minutes late but waited for a later train.

### THIRTEEN OTHERS BURNED AS FIRE TURNS PARTY INTO PANIC: CAPTAIN IS HELD

Government Vessels Search Scene of Disaster for Missing—Passengers Leap Into Water To Escape Flames—Pilot Describes Tragedy

Atlantic City, N. J., June 12.—Thirty government vessels were searching the waters off Atlantic City today for several young men and women believed missing, following a mysterious explosion and fire which destroyed the pleasure yacht Crystal shortly before midnight last night, burned one girl to death, seriously burned thirteen young men and women and turned a ferry excursion trip into a voyage of horror.

The dead:  
Lillian McKnight, Pleasantville, N. J.

The injured:  
Mildred Jack, Jack Lindner, John Haunen, Ralph English, Estelle Banning, Warren Dilks, Dick McGlynn, Curtis Lyle, Dick Myers, Lawrence Price, Mary Toner, Katherine Arnold and Martha Weiss.

Captain William Young, who commanded the yacht was formally arrested and released under \$2,000 bond, pending government inquiry to determine cause of the tragedy.

All aboard the Crystal were members of the Social Independent Club and lived at Pleasantville and Northfield, N. J., towns adjoining Atlantic City.

All were young, their ages ranging from 15 to 22 years.

The club hired the Crystal, a cabin gasoline yacht, at three o'clock yesterday afternoon from Edward Connors, its owner here, for a sail to commemorate the anniversary of the organization. It was planned to go out about five miles and to remain there while the young people danced. Later it was decided to see whether any vessels were anchored in Rum Row.

The return voyage from "Rum Row" began about nine o'clock. When the Crystal was about six miles off Atlantic City and ukeleles were strumming and merriment was at its height, a terrific explosion shook the craft caused by no one knows what.

The theory among some of the members is that a burning cigarette was carelessly tossed on top of the yacht's gasoline supply tank.

With the reverberation of the explosion came a flash of fire and burning oil spread about the vessel. The merriment turned to horror and panic.

Captain Young ordered everybody overboard, the explosion having severed the rope attached to the dory.

Afraid to jump into the water, the terrified club members remained aboard the yacht, adjusting life preservers to themselves, until the flames had practically enveloped the craft. Then they leaped overboard.

Meanwhile the flare of the burning yacht had attracted attention on shore and thousands of residents and visitors crowded the shore and hotel windows here and watched the fire.

It was, according to one of the passengers, an hour before any vessel reached the victims, clinging to the dory and floating about supported by life preservers.

The first vessel to come alongside the burning yacht was a coastguard launch from Longport. While rescuing the passengers the coastguard men found the charred body of the McKnight girl near the still burning yacht.

Harry Lehmann, Atlantic City, was at the wheel when the explosion occurred.

"Everything was going fine with the yacht and the young people were having a gay time, the sea was calm and dancing had just stopped," said Lehmann. "All of a sudden the forward deck heaved and a loud explosion followed. I was blown away from the wheel and everyone within sight was thrown to the deck."

The girls began to scream and run wildly about. Flames began to flash on the forward deck. The boys were pretty cool for young fellows who were not seamen and while I shouted to the girls to be quiet, the boys began to tear up the deck boards to see if they could put out the fire. When the fire began to get too hot, we all began to rip up flooring and toss it overboard so we would have something to keep us afloat until boats reached us. We worked as long as we could, tearing up flooring, but finally the flames drove everybody to the starboard side and that gave the boat a heavy list and that carried away the life boats on that side.

"Captain Young kept moving about, trying to keep order but when the boat listed everybody became panicky and Captain Young ordered them to the port side so he could get them into the lifeboats there. Thinking they were going to get off, everybody rushed to the port side. This caused a counter list that put all the lifeboats on that side under water."

"The fire on the Crystal burned so fiercely," Lehmann said, "that the passengers were terrified."

"The girls seemed to have gone crazy and some of the men too. We had a terrible time trying to tell them what to do with the fire getting hotter and hotter every minute."

"We were trying to tell them how to put on the lifebelts but their screams and shouting almost drowned our voices." By the time the coast guards arrived, Lehmann said, the yacht had burned to the water's edge.

"Captain Young was the last person to leave the yacht," said Lehmann.

#### WHEAT CROP IN OHIO WILL EQUAL HALF OF CROP OF LAST YEAR

Oats Crop Will Be About Same; Fruit Prospects Good; Need Cooler Weather

Columbus, O., June 12.—Prospects today are for a wheat crop in Ohio equal to about half that of last year. Statistician C. J. West, of the federal-state crop reporting bureau, announced here today.

The acreage sown to oats is one fourth larger than last year although the crop, West said, is in some danger from hot weather without sufficient rain, and as a result, the yield may not exceed that of last year.

Hay acreage is slightly under last year with an outlook for only a fair yield, according to West. Fruit prospects, he said, remain good, with from 60 to 75 percent of an apple crop indicated for the state as a whole, and a full crop of peaches for the lake counties, but only a part of a crop for other sections of the state.

Indications are for a blackberry crop of fairly good size, the melon acreage is normal or more, and the condition of gardens only fair, said West.

The oats crop is badly in need of cool and wet weather, he declared. The wheat estimate now stands at 19,220,000 bushels, as compared with the May estimate of 22,000,000 bushels. West stated last year's crop was estimated at 37,300,000 so that this year's crop will be approximately half that of last year. The new stalks which stood out from the plants can hardly make grain because of the lack of moisture earlier in the season.

#### PLEA FOR REPRIEVE FAILS; MAN DIES

Cleveland, June 12.—A. Gus Rini, real estate dealer and power in Cleveland's little Italy was buried here this morning, detectives mingled with the throngs at the church in hope that some of the suspects wanted in connection with the killing might be in attendance.

However no arrests were made.

Rini was murdered Tuesday as he was about to enter his office. Three gunmen who jumped into a waiting automobile poured six shots into his body. According to police theory the murder was the latest fatality to be checked up to a war among gangs of bootleggers. Rini, police said, was reputed to have cornered the whiskey supply coming into Cleveland through devious channels.

#### AUTO IS HELD

Defiance, June 12.—The coupe belonging to Alva Dangler, 25, Ottawa, was held by local police as security for payment of a fine and costs totaling \$104.40 levied in Mayor Latty's court when Dangler pleaded guilty to a charge of transporting booze.

#### TRAIN VICTIMS TO BE BURIED SATURDAY

Columbus, June 12.—Funeral services for the four youthful victims of the Norfolk and Western crossing tragedy here Wednesday night will be held Saturday. Thousands viewed the twisted wreck in which the four died. Miss Margaret L. Stevens will be buried in Union cemetery here. The body of Miss Ruth Harrell was sent to Wellston for burial. The body of R. Lynn Steinberger, West Liberty, was to be taken to Middleburg today for burial. The body of Thomas Ellisworth, driver of the wrecked car, was sent to his home near London.

DR. RUSSELL GRAHAM  
DIES; WAS FATHER  
OF GREENE COUNTIAN

Dr. Russell Graham, 79, former president of Monmouth College, Monmouth, Ill., passed away at his home there, Thursday morning at 11 o'clock, according to word received by Mrs. Graham Bryson. Clifton Pike, his daughter, Mrs. Bryson received the word from her husband, who has been attending the commencement exercises at the college, as a member of the college senate, the controlling body.

Dr. Graham had been in ill health for some time. He taught in Monmouth College, thirty-eight years, occupying the chair of social science. He was for a number of years vice president and acted as president of the college for two years in the interim when the school was without an appointive head. During the last two years he held the honorary office of president emeritus.

He attended the Xenia Theological Seminary in this city and graduated from that institution in 1874. His marriage to Miss Elizabeth Thompson took place the same year. After his graduation he was pastor at Biggsville, Ind., in a U. P. Church, holding that pastorate until he was called to the chair of social science at Monmouth.

Dr. Graham was a constant contributor to "The United Presbyterian," the official church organ, writing under the nom de plume of "10".

He is survived by the following children: Dr. Ralph Graham, a practicing physician in Monmouth; Mrs. H. H. Hagey, Chicago; Mrs. Graham Bryson, Xenia; Miss Elizabeth Graham, at home; Dr. Robert Graham, Aurora; and Mrs. H. D. Kelly, of Des Moines, Ia. Another son, Roy Graham, died several years ago while attending medical college.

Funeral services will be held Saturday morning in Monmouth. Mrs. Bryson left Thursday night to attend the services.

CELEBRATE GOLDEN WEDDING

MR. AND MRS. D. B. JOHN

Mr. and Mrs. D. B. John celebrated their golden wedding anniversary at their home on West Market Street.

ulation ruins the business efficiency of the average man.

When a business man engages in marginal stock trading that activity rapidly fills his mind and drives out his interest in his own business. The lure of easy money gets into the blood and the onetime business man haunts the brokerage office at every available opportunity, fingers the stock ticker tape nervously, and lets

the stock market control his living habits.

For the untrained speculator this is not worth while because, along with all the nerve strain, the unseasoned trader usually has to stand a money loss. Work at your own business and leave the trained speculator to tend to his. The results will be more satisfactory to both parties.

EAST END NEWS

There will be a social Saturday evening at the home of Mrs. Virginia Ray, East Main Street.

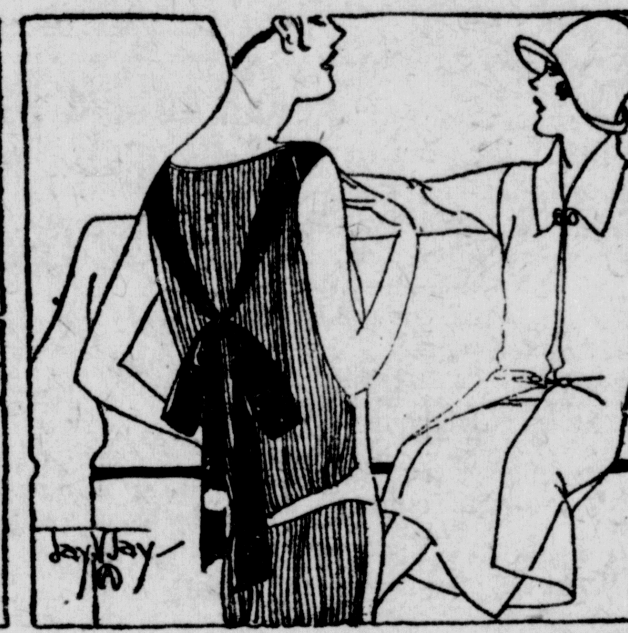

MODISH MITZI—Additions To Any Trousseau

By JAY V. JAY

It isn't that Marian hasn't completed her trousseau long ago—she had, of course. It's just that these things were too completely charming to be passed by. Mitzi is most sympathetic with her point of view—and look at this dress-length negligee of chiffon with its pleated flounce.

This, of course, is one of the new ideas in underwear. A strapless brassiere attached to a pair of slipings—all to be worn with a low cut evening gown. If one wishes there are little silver or gold chains, with a pin at each end, that can be used as detachable straps.

This new nightgown has a full shirred skirt and is made of hydrangea colored crepe de chine. The trimming on the deep V-shaped neck is a narrow edge of handsome lace—the corsage bouquet is made of tiny satin flowers. The hem is lace edged, too.

Another negligee, also of chiffon, and half pleated. The front is entirely plain and has narrow straps, like apron ties, to hold the pleated back in place. "Positively, Mitzi," Marian is saying, "this is the last thing I'm going to buy" ... but Mitzi hopes not.

### XENIA PEOPLE ATTEND "LOUISIANA ANNUAL PICNIC"

Mr. and Mrs. Ed. Ballard, Mr. Chester Bradstreet and mother, and Mr. and Mrs. John Dymond of this city attended the annual "Louisiana Picnic," Thursday. The picnic was held at Kingman, O., and is the annual reunion of people who attended the Mardi Gras at New Orleans, several years ago.

The picnic custom has quite a bit of interesting history connected with it. Several years ago, an excursion to New Orleans, took place and several couples from Xenia attended the Mardi Gras. After the Mardi Gras festivities, the Xenia couples, together with other excursion folk, held a picnic at a quaint little town not far from New Orleans called Lorange. Since that time the picnic has become an annual affair and has been called the "Louisiana Picnic."

A bounteous picnic dinner was served and a general good time was enjoyed with games, contests and other forms of amusement featuring the afternoon.

### CLOTHING CLUB OF BEAVERCREEK MEET

The Beaver Creek Clothing Club of Beaver Creek Township held its second meeting at the home of Mrs. I. M. Coy, Tuesday, June 9. Twenty-one members responded to the roll call.

The president presided at the meeting and the report of the secretary was read and approved. Girls of the club who had two years of sewing demonstrated and explained the intricacies of the sewing machine to the beginners. Miss Sarah Ferguson, a second year pupil, demonstrated the making of a "mitre corner" on aprons made by the younger students. Kimonos and other articles of wearing apparel were cut out during the meeting, after which games, contests and readings were enjoyed. Miss Sara Ferguson entertained the guests with a reading that was appreciated by the guests.

### LUTHERAN SOCIETY MEETS WEDNESDAY

The June meeting of the Ladies Aid Society of the First Lutheran Church was held at the home of Mrs. Walter Owens, on Cincinnati Avenue, Wednesday afternoon. Two visitors were present.

Bishop John A. Gregg, who is in Cape Town, South Africa, in charge of the work of the A. M. E. Church, is making extensive arrangements to take care of the usual large attendance of visitors, who come from various states to witness the commencement and the graduation of their children. A large number of parents have already arrived.

## FOUR XENIANS WILL RECEIVE DEGREES AT STATE UNIVERSITY

Four Xenia students are among the candidates for degrees at the commencement exercises of the Ohio State University. They are: Andrew Harper Bickett, college of agriculture; Anita Conant Moser, home economics; Sunny Christian Brenneman, college of commerce and Harry Raymond Hale, certificate of pharmaceutical chemist.

The commencement exercises will begin Friday night, June 12 with the senior "prom", the entire commencement covering five days. A class of approximately 1,200 will receive degrees and professional certificates at the commencement exercises proper June 15.

"Alumni Day" will be observed on the campus June 13. The following day will be the occasion of the annual baccalaureate services. Monday, June 15, will be "Class Day." Including nearly 500 graduates in August, December and March, the 1925 Ohio state class probably will number in excess of 1700. The number is the greatest in the history of the University. The present graduates will bring the University's total family of sons and daughters to nearly 18,000.

## COMMISSION GIVES APPROVAL TO NEW AUXILIARY ENGINE

Formal approval was given by the City Commission at its regular meeting Thursday night of the purchase of a Sterling gasoline engine as an addition to the equipment at the City Waterworks unit.

The engine will be used only in emergency cases to furnish power and generate electricity such as during a severe electrical storm when the regular power fails or lines are down. The engine has been installed at the waterworks and tested, officials expressing themselves that it worked satisfactory.

The building was enlarged and an excavation made to make room for the new engine.

Commissioners transacted only routine business during the remainder of the session.

### EAST END NEWS

## Sayre & Hemphill Druggists

### DRY THROATS

Chilled fruit juices served in frosty tall glasses chase summer heat up an alley! We just got in Lemon and Lime, Raspberry and Strawberry. Twenty servings for 35c. Certainly cheaper and far more satisfactory than the fresh fruit.

### KARMA

Used by women folks who dislike an electric needle. Is very popular since the new swimming pool opened.

### KODAKS

These are picture takin' days all right. After you "get one" it pays to have care taken in its development, refinishing and mounting. An extra good one when enlarged is many times more interesting than an expensively produced professional photo. We do all of those things.

### VICTOR RED SEALS 40% OFF

McCormick and Caruso can now enter your home at a very low cost. The Victor people are discontinuing a certain line of their products and we're giving Xenia a low price to clean out our stock.

### What I Am Doing This For

I told you quite a spell back that I'd got a new slant on this advertising thing and I think it's about time to go just a step further. Gotta 'nother thought.

I want it thoroughly understood that I CAN'T AFFORD to tell you each and every week ALL the bargains, ALL the new stuff, ALL the good things I've got here in the store for you to shop over. You've got to form the habit of grabbing your purse by the nape of the neck and coming down here FIRST when you start out on a shopping toot!

I generally look over the store carefully before I write this weekly ad. Then I jot down different items which I KNOW are mity good buys for ANY one. When I look over my list I always find I've got just about 10 times more items than I can use! Result is I have to cull out and cull out until I can get few enuf for the size of my advertising wad. Point is I want you to ASK us folks for stuff EVEN IF IT ISN'T ADVERTISED.

Shorty said yesterday "Doc, don't anybody know how to write here in this town? Generally when I work for a guy press agenting, folks write me letters and such—what's the matter with this town? Why don't you sell 'em some pen and inks, Doc, and see what they got on their chests?"

However, that's got nothing to do with the idea I want you to get. COME IN ANYHOW, WE'VE PROBABLY GOT IT!

Doc Sayre.

I see where Doc's hinting that you write me a letter about something and diddy notice how he brings in something about selling pens and inks? Always wanting to SELL something. I DID say what Doc says I said, but I see no good reason why he should bust out in print about it. I like the simple things, simple life, simple people so today in order to be more than usual simple I borries the landlady's youngster's play clothes and boy, you got no idea how cam it makes one! It beats a lot of the ammonias and face powders and hair tonics that Doc's always recommending to folks that come in the store.

Come in and see us some time.

Shorty

### HALF POUND SOAP 10c.

This is a combination of Cocoon and Castile. It's a hard water soap—the cocoon ingredient giving it the lathering qualities which is so desirable.

### EZI 75c.

Better known as "goggles"—Come in all shades and are a big comfort for driving, ploughing, harrowing or just plain scrutinizing. A great eye protection.

### SWIM CAPS

New ones came in yesterday and they're not only comfortable to wear but are very very easy on the eyes. They sure brighten up the new pool. All prices.

### I GAMOLED

Got a "job lot" of 8c Square Americans a keen smoke and the price I paid allows me to sell 'em at 7 for 25c!!

### FRECKLES

"Sunex" is a chemical marvel! Rubbed into the skin it absorbs the ultra violet rays which produce sunburn and makes a freckle go right straight AWAY. Personally I LIKE freckles if properly placed.

## UP AGAIN

BRYAN'S attempt to destroy the theory of evolution by seeking the punishment of those who teach it in the public schools has called forth varying opinions from the public at large. One of the most interesting likens the trial of John T. Scopes under the Bryan law in Tennessee to the trial and condemnation of Galileo by the Inquisition in the seventeenth century. The quotation follows:

The comparison of the two cases is made perfect when the indictment of Scopes in 1925 is compared with the condemnation of Galileo in 1633. A part of this condemnation is as follows:

"Whereas, you, Galileo, son of the late Vincenzo Galileon of Florence, aged 70 years, were denounced in 1615 to this holy office for holding as true the false doctrine taught by many—namely, that the sun is immovable in the center of the world and that the earth moves and also with a diurnal motion; also, for having pupils whom you instructed in the same opinions; also for maintaining a correspondence with some German mathematicians; also for publishing certain letters on the solar spots in which you discussed the same doctrine as truth; also for answering the objections which were continually produced from the Holy Scriptures by glossing the said Scriptures according to your own meaning; and whereas thereupon was produced a copy you to a person formerly your pupil, in which, following the hypothesis of Copernicus, you include several propositions contrary to the true sense and authority of the Holy Scripture.

"Therefore, this holy tribunal, being desirous of providing against the disorder and mischief thence proceeding and increasing to the detriment of the holy faith, etc., etc.:

"The proposition that the sun is the center of the world and immovable from its place is absurd philosophically, false and formally heretical because it is expressly contrary to the Holy Scripture.

"The proposition that the earth is not the center of the world nor immovable, but that it moves also with a diurnal motion, is also absurd philosophically, false and, theologically considered at least, erroneous in faith.

"The Inquisition sentenced Galileo to prison for an indefinite time, and to recite the seven penitential psalms once a week for three years. Galileo, however, avoided the severity of the sentence by publicly adjuring the Copernican theory, although under his breath he asserted that the world does turn round.

"Doubtless the Tennessee court, under the direction of Bryan, will put a heavy penalty upon Scopes, including probably the reading of the first chapter of Genesis daily for the rest of his life. But will the Court offer Scopes, as the Inquisition did Galileo, a loophole of escape through adjuration. Can those who violate Mr. Bryan's religious tests square themselves with the law by repudiating evolution?

## HEAT

WHEN the newspapers say that several hundred people have died during the present heat wave, they do not mean that all of these people were prostrated by heat and succumbed.

The heat wave takes its toll not only among those who are prostrated by the extreme temperature but among those who die seeking relief from the weather.

The majority of these latter are bathers who, unable to swim, venture recklessly into unknown waters to cool overheated blood and are swept away in unexpected depths, or who, being expert swimmers, overdo their plunge by remaining in the water too long and being overcome by cramps or heart attacks from which their swimming knowledge is unable to save them.

There are those who say: "learn to swim so that in time of emergency you may be able to save yourself." But there are others who point out that those who have the greatest fear of the water and never go in bathing are more fortunate than the expert whose frequent baiting of treacherous waters often ends in disaster.

Simple safety first rules similar to those employed to prevent accidents on land, should be prepared for those who seek out cool swimming holes during the hot months. One of these might be a warning to bathers to learn to swim in regulated and protected artificial pools and not venture into natural and unguarded pools until experienced. Another might be this: "do not exhaust yourself by too long a stay in the water nor overestimate your strength and swimming ability in foolhardy exhibitions."

## COPS ON HIGHWAYS

Cadiz, June 12—Harrison County commissioners have employed a traffic cop to patrol county highways. The action was in response to complaints against speeding on newly-paved roads.

## KIDS SEE PARADE

Bucyrus, June 12—The twenty-five children at the State King's Daughters' Home here, who were quar-

antined on account of a case of diphtheria at the home, were agreeably surprised when a circus parade went a mile out of its scheduled route in order to give the little shut-ins opportunity to witness the full parade.

If any room in the house needs sun light, it is the dining room. For sunlight contributes to cheerfulness; and cheerfulness is absolutely necessary to us during meals, to aid digestion.

Yet there are many homes in which the dining room has a Northern exposure. And where this is the case, there is only one thing to do: create the effect of sunshine, with warm buffets, tans, and yellow decorations. I have recently seen a dining room decorated in this way, and I am going to describe it for the benefit of the woman who is faced with the sunless-dining room problem.

The walls were papered in plain yellow—not too bright, not too pale. It made a splendid background for several sepia photographs of buildings in Europe, which were hung upon it, framed in brown.

The furniture, too, was brown—American walnut. It consisted of a large dining table, six chairs, a buffet a serving table and a tea cart. The woodwork was cream color. A bow window, draped with cream scrim "glass" curtains, gave the room plenty of light. (There were no window overdrapes.)

The floor was stained walnut under its varnish; it was covered to within two feet of the wall all around, by a brown Wilton Rug. Between meals an ecorie runner was thrown across the table, upon which stood a

yellow bowl filled with artificial nasturtiums. The cloth on buffet and on the serving table matched this table runner.

The articles on the buffet were: a yellow china candlestick at either end and a brown carved wooden fruit bowl in the center. On the serving table stood a large brown-mahogany tray filled with tall glasses grouped about a glass pitcher—deliciously suggestive of iced beverages served on the porch on a warm afternoon!

Well has it paid to re-decorate this room?" I asked the woman who had so cleverly disguised the fact that it was sunless.

"A hundred times!" she declared. "Before, when it was papered in green, my husband and I used to sit down to meals with a depression we could not put our finger on. Now we just love to be in here."

## In 24 Hours Ends NEURITIS

When you've tried everything you can think of and nothing seems to even relieve those piercing, agonizing pains, just go to Sayre and Hemphill or some other good druggist and get a bottle of Allenru Special Formula No. 2. Be sure you get No. 2 which comes in capsule form, for the liquid form is a special preparation for Rheumatism.

Take these little dark green capsules as directed and notice how in about 24 hours they have considerably reduced, if not entirely banished, those persistent, nerve racking pains that have caused you many sleepless nights. A few more doses and the pains to have left you forever.

While this particular formula was compounded for the purpose of conquering painful, Gouty conditions and what is known as Rheumatoid Arthritis—a knotty, painful swelling of the joints—it has proven wonderfully successful in all forms of Neuritis and Sciatic Nerve Pains.

You needn't be afraid of its containing dose of any kind—it doesn't. Such things are only makeshifts and can only at the best give temporary relief.

Be sure you've got Neuritis and then get Allenru Special Formula No. 2. Your pains will be gone before you know it. Adv.

## McClelland Neighborhood

Mr. and Mrs. Jas. Hollingshead attended Steele High School commencement Wednesday. Their niece Sylvan Wheelan, was one of the graduates.

Mrs. Ernest Bradford was hostess to the McClelland W. C. T. U. Wednesday. Miss Velda Beal gave an interesting history of the origin of the Flower Mission department, a work that brings cheer to many thousands every year. A very instructive talk was given by Mrs. Sarah Roberson, Secretary of the Red Cross Chapter of Xenia. A refreshment course of tea and iced cakes were served by the hostess assisted by Mrs. Gowdy.

Mr. and Mrs. Billmyre, Earl Soward and family and Mr. and Mrs. Warren Keiter attended the Gurnsey Field day at the home of Mr. Lawrence Coy, Wednesday. A good crowd was in attendance. A bountiful cafeteria dinner was served at noon.

Mr. Durstein has sold his farm on the Alpha road and with his family will move to his place on Springfield Pike. He held a sale of stock and implements Tuesday.

Word has been received that Mrs. Orie Coblenz of Upper Bellbrook Pike was operated upon for gallitis, Tuesday at Grant Hospital, Columbus. Her condition is considered favorable.

Mr. and Mrs. Elisha Soward of Dayton are visiting at the home of Mr. Earl Soward of Upper Bellbrook Pike.

## RESCUED FROM WATER

Amherst, June 12—Jacob Von Kanel rescued John Zbinden, 25, from the quarry hole into which he fell while wrestling with a companion on the brink of the quarry hole. Zbinden was unable to swim. He was resuscitated.

## AFRAID

So long as we breathe we shall never be able wholly to abolish fear from our lives.

But it is this very fear that keeps us up on our toes and compels us to be watchful. For we are beset with it on every hand. We can purge our very hearts from all that is disturbing through a peaceful trust and an earnest desire to be made right with the oncoming of every day, but that elusive spirit known as Fear seems to be with us as a companion throughout life.

And so we become afraid. It is for this reason that we are given God, beauty, human sympathy, and the daily compensations that crowd about us.

The fine admonition of Jesus, when those about Him became afraid, was: "Fear not," and "Let not your heart be troubled."

One reason why the religions of today go deeper and become more permanent in the hearts of all people is that they have eliminated that great bugaboo of Fear. Like driving a horse up to the watering place through force, though being unable to make him drink.

If enough love were used in a human being there would be no Fear at all at any time. But somehow love is used so sparingly.

In reading the life of the late W. H. Hudson, I learned that he lived every day in great Fear of death. He had a weak heart and doctors told him that he had but a short life before him. Yet he lived until he was past 80! I dined in a unique eating room re-

cently. Over the centre of the room was this motto on a hanging board: "IT REALLY DOESN'T MATTER." "Well, most of our Fear comes from sources that do not matter anyway. Never mind."

## THE SPORTSMAN'S SONG

Life has not been in vain,  
With all its care and pain,  
And hopes which rise and pass  
This prayer of thanks I give:  
I have been glad to live,  
To live and fish for bass.

I have not come to fame,  
Nor heard the world's acclaim,  
But I have loved the grass,  
And I have loved the sky.  
The clear streams running by,  
And I have caught a bass.

Doubt and despair I've known,  
At times I've stood alone  
And seemed to question God,  
But June has come once more,  
Along some sunlit shore  
I've seen the rushes nod.

I've had my days of care,  
Burdens I've had to bear,  
For life has much to give,  
But I have treasured dreams,  
Loved trees, and hills and streams,  
And I've been glad to live.

Prepared at home in a minute by briskly stirring the powder in hot or cold water. No cooking.

Safe Milk and Diet

## AIR FREIGHT ROUTE STARTED IN DETROIT

Detroit, June 12—Following the announcement last night that Detroit Airways, Inc., has been organized to carry freight by plane from Detroit to Chicago, Cleveland and Dayton, George Willens, aircraft expert, stated today that bids would be submitted to carry mail over the route. Four Curtiss heavy duty planes and a Fokker machine have been ordered. It was said. The prospect, which will start probably within two weeks, is financed entirely by Detroiters.

## PRINCE ATTENDS FARM BUREAU MEET

Ford S. Prince, Greene County Agricultural agent, attended a meeting of farm bureau service managers from Darke, Greene, Madison, Clark, Union and Champaign counties, Thursday, at the Springfield Farm Bureau offices. Representatives of the Live Stock Shippers' associations were also present and joined in the round table discussion relative to the best methods of pooling wool, marketing live stock and co-operation in purchasing. J. R. Algire, of Columbus, connected with Ohio Farm Bureau Federation in the Live Stock Marketing Department, presided at the meeting and Dewey Head of Columbus, acted as secretary.

## BRITAIN TO FIGHT SECURITY PACT

London, June 12—Indications multiplied today that Britain is about to undergo an anti-security pact, fight that will bear a striking similarity to the anti-league of nations fight which the United States witnessed after the Paris conference. The Baldwin government, which negotiated the pact, is distinctly worried. With a considerable section of the press already deploring the treaty on the ground that it means an end to Britain's "splendid isolation," the liberals came out into the open today with undisguised opposition. The Daily Chronicle, organ of Ex-Premier Lloyd George today attacks the pact on the ground that England

may be drawn into the petty quarrels of central Europe, in which she has no direct concern.

**GEN. HANS VON SEECKT & KING ALFONSO**

General Hans von Seeckt must be deposed as commander-in-chief of the German national army, the Allied note stated. King Alfonso, of Spain, was saved from the second bomb attempt against his life by the discovery of an infernal machine in Barcelona Cathedral. Ida Rubenstein, internationally known actress and former fiancée of Gabriele D'Annunzio, announced she expects to fly to the North Pole in the relief expedition for the missing Amundsen-Ellsworth expedition. Hugo Stinnes, Jr., head of the great German industrial interests, faces a financial crisis, according to report.

## Married in Airplane

## Bryan as He Is Today

Upholding the theory that every word of the Old and New Testaments is the literal truth, William Jennings Bryan, is touring the country mobilizing support for the "fundamentalist" stand, preparatory to aiding the prosecution in the trial of John T. Scopes, science teacher, for violation of Tennessee's anti-evolution law. This is the latest photo of the "Commoner," showing him as he is today.

## Pretty College Girls Study on Own for Degree of P. M.

Frances Robeson, Eureka, Ill., Blanche Rade, Rantoul, Ill., and Maurine Fisher, three of the prettiest students at Eureka College, decided there should be more to college life. They took up the practical study of housework, cooking meals, marketing, housecleaning, laundrying, entertaining guests. Then, to make their experience complete, they "adopted" a baby. Now they claim the degree of P. M.—Practical Mother.

## Held in Kane Murder

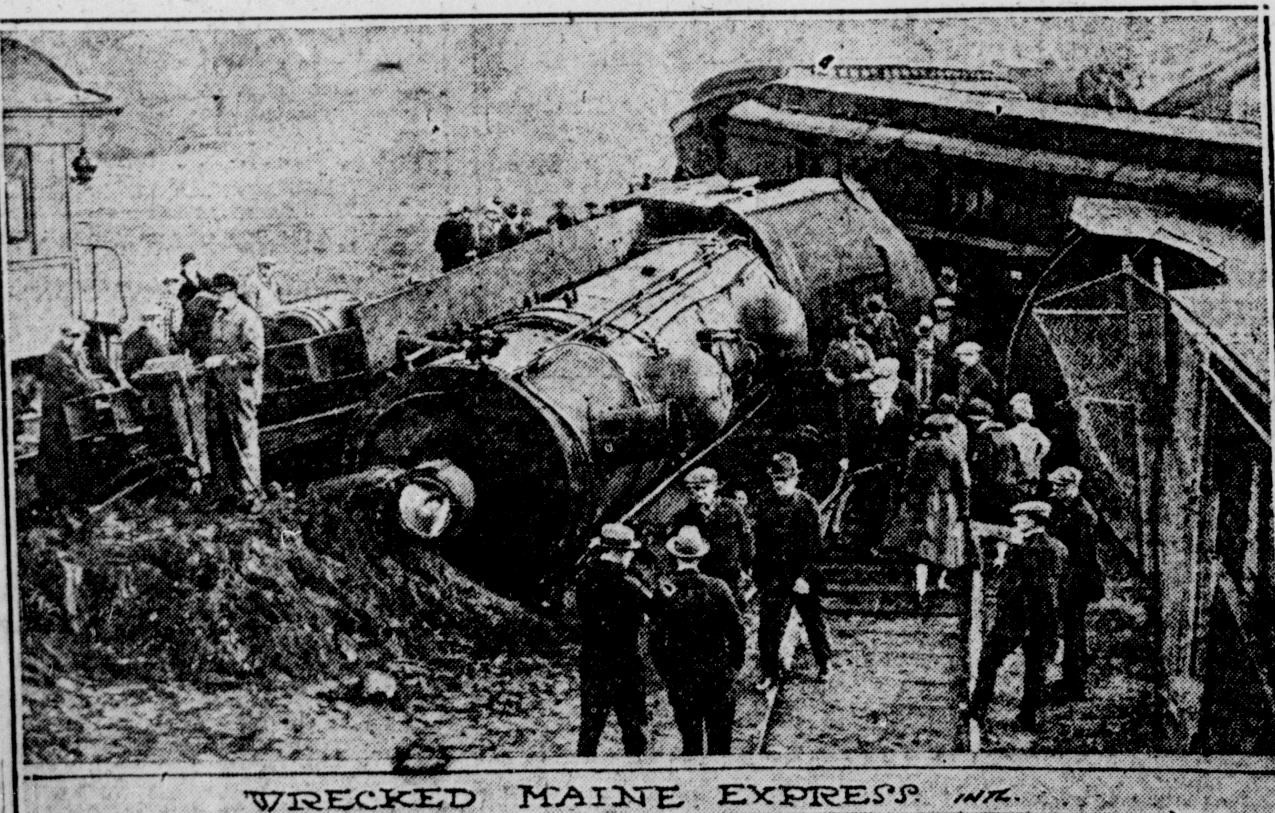

Investigation of the brutal slaying of pretty Miss Florence Kane, Brooklyn, N. Y., girl and sister of a city detective, resulted in the arrest of William Brassfield, giant colored man. He was identified as having been seen loitering near the scene of the crime. His white wife offered an alibi for him.

## Dirigible Concealed by Smoke Screen

For the first time in the history of aeronautics, a smoke screen was formed to conceal a dirigible. The test was made on the monster aircraft Los Angeles near Washington. This picture shows a Martin bomber just rounding the nose of the dirigible leaving its tail of smoke. (Photo Copyright International Newsreel)

## Fireman Killed in Maine Wreck

**WRECKED MAINE EXPRESS**

The Maine Express, one of New England's crack trains, was derailed by a faulty switch near Worcester, Mass., instantly killing the fireman. The engineer miraculously escaped injury, although pained in by wreckage. One passenger and several trainmen were injured.

## In Blackmail Murder

**THOMAS LEEMING (Inset) & HIS SLAYER**

Thomas Lonsdale Leeming, fifty-four (inset), millionaire wholesale drug importer, was shot to death in his New York office building by Charles Muller (centre, handcuffed), who confessed, according to police, that he had killed Leeming when he balked after seven years of paying out blackmail money.

## Gotham Heat Takes Toll

**N.Y. HEAT VICTIM**

With 14 deaths in a day ascribed directly or partially to the heat Mayor Hylan of New York ordered all parks opened to the public for sleeping purposes and caused showers to be erected at hundreds of fire plugs. Charles Gildersleeve, wealthy trucking man, died at his desk. Police are shown removing the body.

## JERRY L. KATHERMAN SIGNS CONTRACT TO COACH CAPITAL UNIVERSITY FOUR YEARS

J. L. "Jerry" Katherman, athletic coach at Capital University, Columbus, Thursday signed a contract with school officials to continue as head of the coaching staff for four more years, it is announced.

Katherman, it will be remembered, coached the championship football team at Central High School here in 1921 that brought the Miami cup, emblem of the Southern Ohio class B school championship, to Xenia for one year. The 1921 grid team, under Jerry's coaching, won every game played on a hard schedule and was scored upon but once.

Katherman's basketball team was also one of the best ever to represent a local school and fought its way to the semi-finals in the state championship before being eliminated.

Katherman left Xenia in 1922 and accepted a position as line coach in football at Ohio Wesleyan University, Delaware, O. Katherman developed a forward wall that was voted the strongest both on offense and defense in the Ohio Conference. The Methodists won the conference title that year for the first time in a number of years.

After making an enviable coaching record at the Delaware university, Capital obtained his services in 1923 and Jerry developed the first Capital football team that the Columbus college has had in many years.

## ANTIOCH COLLEGE TO HOLD AQUATIC SPORTS WEDNESDAY

Antioch College will stage its first annual swimming meet next Wednesday to be held at Grinnell's Mill. Arrangements for the event have been placed in charge of "Duke" Dubois, of the college gym department.

The program of events for the meet will include the fifty yard breast stroke for men, twenty-five yard dash for women, fifty yard free style for men, 100 yard free style for men, 200 yard free style for women and fancy diving.

An egg race will also be staged

## MUSKINGUM LOSES TO ANTIOCH NINE

Antioch defeated Muskingum College, at New Concord, O., by a 10 to 5 score in the final baseball game of the season for Muskingum Thursday afternoon. Headley had the pitching edge on Danson but the visitors played good ball in the field.

The Antioch batters touched the New Concord twirler for runs frequently aided by misplays in the field and the Yellow Springs College was never in danger.

## MERCHANTS WILL GO AFTER EIGHTH WIN IN SUNDAY CONTEST

The Xenia Merchants baseball team will attempt to extend its winning streak to seven straight games with the Ace of Diamonds team of Columbus. Sunday afternoon at Dickinson Park. The Capital City nine has also completed a winning streak that has reached seven games this season, and the game Sunday will be a battle between two undefeated teams.

Either Lewis or Jones will pitch the Sunday game for the Merchants

with Anderson or Ewing catching, according to which twirler is selected. Shoecraft will cover first. Simpkins at second, Brown at short, Ward at third and Porter, Standhope and Cunningham in the outfield. Cochran and Paul Estridge will be held in reserve but will probably break into lineup should any of the veterans falter.

The Merchants have gotten together a combination of heavy sluggers this season and favored with good pitching in a majority of its games has won every game played this season. The Columbus nine is

touted as being one of the strongest in that city. The game will start at 3 o'clock with competent officials in charge. Admission 25 cents for men and 25 cents for women.

In announcing the opening of our station on Bellbrook Avenue next to the Red Wing and close to The DeWine Milling Co., we assure you SERVICE, QUALITY GASOLINE, QUALITY OILS at a LOW PRICE.

This GASOLINE not only meets government specifications but even excels that specification, we are positive in making the statement that "our gasoline" is as good if not better than that sold at many stations for 22 1-2 cents.

Our LUBRICATING OILS meet the most exact automotive engineer's specifications and are the equal of many advertised oils that sell for more than twice our price.

These LOW PRICES for the best quality gasoline and oils are possible because of our system of selling direct from TANK CAR—avoiding the MIDDLEMAN. OUR DISPENSING SYSTEM is through BOWSER—10 Gallon Visible Underwriters Guaranteed Pumps which measure with absolute accuracy and are proof against any possibility of less gasoline being put into the motorist's tank than is visibly recorded.

OUR SERVICE is immediate, accurate, and equal to the capacity of any other station in Xenia.

### THE CARE OF YOUR BABY

### By Mack Sauer

### Not Possible To Classify

### THE CARE OF YOUR BABY

### For the benefit of a few mothers who were so unfortunate

### as not to get a copy of my book on "The Care of Your Baby," I take this opportunity of presenting a few important

### rules, which I believe will be very valuable.

### Does the baby chew his toe? Don't let that alarm you. He

### won't be so anxious to keep his feet clean in a few years.

### Then, too, he must have something to chew until he gets

### old enough to chew tobacco.

### Does your baby pick up magazines, newspapers and let-

### ters and go to chewing on them? Ah, you will have a post-

### master in the family. In case you would like something

### that the baby cannot chew into bits, write me and I will

### send some of the indestructible biscuits my wife bakes.

### Then there is the question of dressing the baby. In the

### first place, every baby has to have about as many changes

### of clothes as adolph Valentino. As babies are hard to grab

### hold of I suggest the following plan

### Have a vice attached to the kitchen table. Take the

### youngster and put its shoulders in the vice and tighten on

### the handle until there is no chance for the little fellow to

### fall out. This will give you a chance to answer the phone,

### should it ring while you are putting on new garments.

### Every night before putting the baby to bed sing it a few

### notes about the Democratic convention held in New York last

### year. Instead of counting sheep, count the number of ballots

### taken to nominate J. W. Davis. The baby will soon be in

### slumber land.

### If you spare the rod, you spoil the child. So on with

### the horsewhippings.

### "AIN'T IT TERRIBLE

## AUTO CLUB ISSUES WARNING AGAINST INSURANCE CLAUSE

Dilver Belden, secretary of the Greene County Auto Club, declared Thursday that members are receiving letters from headquarters cautioning them to exercise care in taking insurance policies and to beware of certain forms which contain clauses such as the following:

"The company in consideration of the payment of the premium agrees to indemnify the policy holder against loss that may arise from liability for damages." The joker lies in the fact that the insurer will not be protected by the companies until he has paid out a loss, Belden says.

According to Mr. Belden, policy holders who are temporarily short of funds or insolvent persons who are unable to pay their liabilities, receive no protection. Briefly, a number of companies pay the damage by assuming the liability while others simply pay back the insurer what he is already paid out, in this way taking advantage of the clever wording.

Officials of the Auto Club are warning members who take out automobile insurance to take their policies to the club on Saturdays for advice and to secure the company, if possible, that assumes the direct liability. The companies under fire are being investigated it is said.

## CLUB RALLY DAY TO BE HELD TUESDAY

"Club Rally Day" when boys' and girls' clubs of Greene County will be taken on an inspection tour of Springfield and enjoy a picnic, will be held at Springfield, next Tuesday, June 16.

The crowd will meet at the plant of the Buckeye Incubator Company, on the south side of Springfield, on the south side of Yellow Springs and Limestone Streets, at 8:30 a.m., standard time.

Here the crowd will divide, so that the groups will not be too large and visit the various places for inspection trips.

Plants to be visited are: the Incubator Company, The Crowell Publishing Company, The Wren Store and the Thomas Manufacturing Company.

After these visits are made, the crowd will picnic at Snyder Park. One feature of the afternoon program will be a baseball game between the Club boys of Greene and Clark Counties.

Club members, parents and leaders are all invited.

## MOTORISTS WARNED TO PARK CORRECTLY

Police Chief M. E. Graham issued a warning Thursday to motorists parking their automobiles in the restricted business districts of the city horizontally with the curb or in any position other than that designated by the parking lines. Congestion is the result of wrong parking, especially on Saturday, he said.

Offending motorists are violating the city ordinance, it was warned by Chief Graham, and will be subject to citation in Police Court and fines.

## BOARD OF REVISION ORGANIZES AT MEET

The Greene County Board of Revision formally organized for 1925 Monday afternoon with the election of Herman Eavey, president of the board of county commissioners, president. County Auditor R. O. Wead automatically became secretary. County Treasurer F. A. Jackson is the other member of the board.

The board will hold its first meeting the first Monday in July for the purpose of passing on complaints arising from tax assessments and returns of incorporated companies.

Should the Fairfield village valuations be completed by that time, Auditor Wead will lay these valuations before the board.

## OLD RESIDENT NEAR DEATH

"I had not eaten food for 10 days and was slowly starving to death. Given up by five doctors, I tried a bottle of May's Wonderful Remedy, which gave relief at once. I am 75 years old and would have died but for your wonderful medicine. The jaundice is all gone and I am gaining appetite and strength every day." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

## MICHAEL'S MARRIAGE

By MICHAEL

### CHAPTER LXVII

Fortunately, Michael did not find Lilah immediately. When he did run across her, she and Lugh (eventually Michael found out that this was the young man's name), were with Aunt Mary, and his anger had abated somewhat. However, he was still determined to have it out with her about this cheek-to-cheek dancing; the shock had not worn off.

Perhaps this radical change in his mood was due to the dance he had with Eloise Marshall.

"I'll bet he has been in some bold devilment," Aunt Mary said, regarding him with mock austerity. "Yes, where have you been, young man?" Lilah asked. "We've been looking everywhere for you."

"Oh, just around," he shrugged.

Aunt Mary winked at him.

"Mr. Lugh wants us to drive down to his cottage by the ocean and have breakfast there," Lilah announced, explaining why they had been, as she put it, searching for him.

Michael regarded her doubtfully, conscious that a spark of jealousy was gnawing at him. This Lugh was a handsome fellow.

"Your headache,..."

"Oh, I've forgotten it," she anticipated him.

"Let's make a party of it," Aunt Mary enthused.

"Yes, let's have some one else," Mr. Lugh smiled automatically, remembering that there were only six knives and forks among all the lavish furnishings of his lodge.

"There's Eloise! How about asking her?" Aunt Mary exclaimed, scanning the floor, from which dancers were now disappearing.

Michael started, and his eyes followed Mr. Lugh's.

"Surely," said the latter, turning his eyes upon Lilah.

Aunt Mary started off towards Eloise. Michael moved a little closer to his wife.

"I wish the sun rose as well as set in the west," Mr. Lugh observed to Lilah.

"Don't you just love sunsets!" she responded. "I do! I wish I could see the sunrise every morning, too!"

Michael laughed. "Then why not get up and see them?"

Lilah glanced at him coldly.

"Eloise has gone to get her wraps," Aunt Mary announced returning. The four of them started towards the door. Lilah proceeding in front with Lugh, and Michael following with Aunt Mary who nudged him with an elbow.

Michael was aware that Lilah was watching him closely when the newcomer, having been introduced to her, turned to Michael; and he sensed her surprise when Eloise greeted him cordially in her purring voice.

"Why, how do you do, Mr. Menlow."

Eloise didn't seem to have noted that Lilah was introduced as "Mrs. Menlow."

The smiling Aunt Mary maneuvered Lugh and Lilah and herself into the former's car, leaving Michael to follow with Eloise in her own. Lugh got under way immediately, but Michael, excited, let us say, attempted to start his car without unlocking the gear-shift, and was delayed.

Lilah turned squarely in the rear seat of the receding car to look pointedly at her husband and his companion.

Michael smiled at her. She turned again to the front without a responsive glance.

# GIRL DIES WHEN PLEASURE BOAT BURNS

## CLAIM MISSING GERM WITNESS FOUND

### THREE BURN TO DEATH IN APARTMENT BLAZE

#### EXPLOSION CAUSES FIRE THAT CLAIMS MOTHER AND BABES

Husband and Father Hysterical as Rescue Attempts Fail

New York, June 12.—Mrs. Rose Burns, 28, and her two sons, Thomas aged three years and James, 2 years old, were burned to death early today in a fire which swept their apartment here following an explosion of undetermined origin.

James Burns, 31, a trolley inspector, told police he was awakened by the explosion to find his rooms in a blaze and smashed his way through a window.

When he recovered from his shock, he returned through the fire several times in ineffectual attempts to rescue his family.

The authorities were investigating a report that hops were being cooked on the kitchen stove in the Burns home.

James was treated for severe burns about the hands. He became hysterical when he learned his family was dead.

#### TAKING OF EVIDENCE STARTED IN SECOND JOSHIAH KIRBY TRIAL

Six Men And Six Women To Hear Case—Thirteenth Juror Also Is Selected

Cleveland, June 12.—Statements by state and defense attorneys and the taking of evidence will begin today in the trial of Josiah Kirby, former president of the collapsed Cleveland Discount Company. Six men and six women jurors, all of Cleveland, were sworn late yesterday before Common Pleas Judge Fred H. Wolf, Wauseon, Ohio, sitting here by assignment.

A thirteenth talesman was also selected in the event that one of the jurors becomes ill, in this trial, growing out of the collapse of the \$30,000,000 discount company. Kirby is technically accused of larceny of \$4,200 in preferred stock from George L. Fix, of Cleveland, Special Prosecutor Joseph I. Eagleson, is expected to claim in his opening argument that Kirby obtained \$1,280,000 of preferred stock by trading common stock for it. In the first trial he was acquitted of the charge of issuing a false financial statement to defraud.

Kirby, smiling as ever, stood up and bowed to the jurors. He was introduced to the panel. He joked and talked freely to newspapermen and declared himself confident of acquittal. Kirby goes to Delaware, O., tomorrow to be arraigned on charges there, growing out of a special grand jury investigation.

#### POSSIBLE OHIOAN MAY WIN BENNETT CUP

Brussels, June 12.—Possibility that W. T. Van Orman, of Akron, O., pilot of the Goodyear III may be given second place in the Gordon Bennett cup race appeared heightened today with the assurance of the Belgian Aero Club that his protest of disqualification would be studied under article 123 of the Gordon Bennett race rules. The article disqualifies all contestants who come down on the water, receiving aid from a boat. Van Orman and his aide, C. K. Wollam, landed on the deck of the steamer Vaterland.

"I caught my guide rope in the steamer's riggings and Wollam and I pulled the balloon down to the deck unaided," Van Orman said. "My feet were not even wet. I have turned into the Aero Club affidavits from the captain of the steamer proving my landing was regular, for which I claim I should be classed as second with the Belgian balloon piloted by Veenstra first."

#### TO BUILD ROADS

Defiance, June 12.—Four townships are included in the eight and one-half mile road building program that Defiance County may carry out this summer, comprising 3 1/2 miles of the Allen road, Adams Township; 2 miles of the Buckskin road, Noble Township; 2 miles of the Delaware Bend road, Delaware Township; and 1 mile of the Clemmer road, Hicksville Township, all considered for stoning.

PIPE DREAM SAYS AL  
Albany, N. Y., June 12.—"I can't be responsible for somebody's pipe dream."

This constituted Governor Al Smith's denial today of published reports that he would retire from public life at the close of his present term.

The governor said he had made no retirement plans.

#### MANUFACTURERS OF RUBBER PRODUCTS TO BOYCOTT BRITISH

Program Expected To Help Reduce Price of Crude Rubber

Akron, June 12.—As the result of an all day meeting Thursday, directors of the Rubber Association of America here decided to attempt a virtual boycott of the British market through arrangements with the Dutch government, which controls 40 per cent of the crude rubber output of the world.

The meeting was attended by leading manufacturers of the United States and was called by W. O. Rutherford, president of the R. A. of A. and vice president of the B. F. Goodrich Company of Akron. The new plan is expected to help reduce the price of crude, which has been forced up, mainly because of British manipulation from 17 to 79 cents per pound in the last year.

In addition, the plants represented by the delegates to the conference are agreed to reduce inventories for a time in the way of types and sizes of tires, footwear and mechanical goods; abandon interchangeable balloon tire sizes, eliminate second quality lines and postpone for five months solicitation of orders for spring dating. There is also provision that no shipments be made on such orders until 1926.

Such a policy of economy and restricted output will effect a substantial decrease in the demand for crude, it is believed.

Many manufacturing needs will be taken care of by substitution of reclaimed rubber for crude, as suggested recently by Herbert Hoover, secretary of commerce.

The program calls for cutting down production to a point where Dutch plantations can supply a majority of the American needs. It also means a probable holding of further tire price boosts. The association is said to have been assured by the Dutch government that no price restrictions will be imposed as has been the custom of British growers.

A committee was appointed to confer with representatives of Netherlands to perfect the new program.

#### HOPE U. S. WILL AID AMUNDSEN SEARCH

Oslo, Norway, June 12.—Norwegian friends of Captain Roald Amundsen still were hopeful today that the United States will aid in the search in the polar region for the missing Amundsen-Ellsworth North Pole flyers.

There is a possibility a sea expedition may go north prepared to remain all winter in the Arctic and be equipped with sledges to search for Amundsen. It would be desirable that hydroplanes be included for reconnaissance.

This was brought out today in comment by the Norwegian newspaper Tidens, which discussed the refusal of Secretary of the Navy Wilbur to allow aircraft to join the several relief expeditions.

#### HOOVER MAKES PLEA FOR CO-OPERATION

Oskaloosa, Ia., June 12.—A plea for co-operation along the fundamental economic groups, farmer, labor, railroad and merchant—was made here today by Secretary of Commerce Hoover, addressing the graduating class at Penn college.

Real progress in America, according to Hoover, is impossible until these groups are relieved of all justified feeling of injustice and oppression. He pointed out that the economic groups represent parts of a great co-operative society, which comprises the country's entire business fabric.

#### ROAD BLOWS UP

Bellaire, June 12.—The recent heat wave resulted in a portion of the concrete road between here and Neffs blowing up, making the highway impassable for some types of vehicles. Bus service was interfered with.

#### Fosdick, New Rockefeller Pastor, Plans "Church Lincoln Could Have Joined"

"I want a church Abraham Lincoln could have joined," Thus does Dr. Harry Emerson Fosdick state his plans for making a great liberal church of Park Avenue Baptist, New York City, of which the John D. Rockefeller, junior and senior, are members. He was called to the pulpit after demanding that his salary be limited to \$5,000 a year, that baptism by immersion be made optional, and the church thrown open to all Christians of whatever creed.

#### TAX REVISION PROGRAM BEGINS TO TAKE FORM WITH ARRIVAL OF SMOOT

Utah Senator To Confer With Mellon On New Plan To Be Submitted To Congress—Underwood To Open Tax Reform Campaign With Speech

Washington, June 12.—With the arrival here of Senator Reed Smoot, of Utah, chairman of the senate finance committee for conferences with Secretary of the Treasury Mellon and other officials, the administrations tax revision program to be submitted to the next congress, has begun to take definite form.

Smoot probably will remain here for several weeks, not only to work on the tax problem, but to act with the American debt funding commission of which he is a member, in forthcoming negotiations with Belgium and other nations which may undertake funding operations.

As to revenue legislation in congress this winter, Smoot agreed today with President Coolidge and Secretary Mellon that the revenue act of 1924 is unsatisfactory in many respects and that a countrywide demand is developing for tax revision or "tax reforms" as the president describes it. This would include the elimination of the "discriminatory taxes" which are now held to restrict business by demanding too great a tribute from the larger incomes. Reduction of surtaxes will be proposed along with more liberal exemptions for small incomes, although the last tax law provided for greater reductions in the latter class than those originally proposed in the "Mellon plan."

Senator Oscar W. Underwood, of Alabama, former Democratic leader of the senate, will open a campaign tonight for income tax reform in an address at Montgomery, Ala.

Among Underwood's suggestions will be that tax on larger incomes should be reduced substantially, his position being that the present tax law is "unscientific" and that revision is required to assure the continued prosperity of American business industry. Underwood's views, of course, will not have the approval of all his Democratic colleagues in congress but they are bound to be listened to and taken into consideration when tax legislation is before the senate.

Attorneys for the men declared that instead of "confessing" and pleading guilty, as announced by detectives who arrested them, the trio would fight the indictment. Woods and Holcomb, it was said by their lawyers, were anxious to take the witness stand and tell exactly "how they were persuaded into the asserted conspiracy."

Attorneys for Stevens declared the "plot" was "framed" by police as a publicity stunt to advertise the prowess of the officers seeking promotion.

#### FRENCH CABINET APPROVES REPLY

Paris, June 12.—The French cabinet today unanimously approved the text of the French reply to the security pact proposals made by Germany, which will be forwarded to Germany, probably Monday.

The cabinet voted its thanks to Foreign Minister Briand for his successful negotiations at Geneva, "resulting in the proffer of Franco-British accord in the pact."

#### PITTSBURGH FORGER OFFERS TO PRODUCE R. E. WHITE TO POLICE

Defense Counsel Attacks Testimony of State's First Witness

Chicago, June 12.—The McClintock drama in Judge Thomas J. Lynch's courtroom today featured the cross examination of Alexander Richmann, lawyer and co-guardian of the millionaire orphan, by Attorneys William Scott Stewart and W. W. O'Brien, counsel for William D. Shepherd, fighting for freedom on the charge that he murdered "Billy" McClintock.

Shepherd's attorneys were prepared for a bitter grilling of the lawyer held to be long a foe of Shepherd and who was the principal part yesterday in State's Attorney Robert E. Crowe's attempt to prove a motive for the "typical murder" he laid at Shepherd's door.

Another big crowd gathered the second day of testimony. Bitter clashes between counsel marked yesterday's proceedings.

Added interest in the case cropped up today with the report that Robert E. White, missing witness, was in the county jail in Pittsburgh, anxious to return to testify.

One report had it that he would return to testify for the defense; another that he would be a state witness. The report said that White was in the Pittsburgh jail, charged with forgery and obtaining money under false pretenses.

Pittsburgh, June 12.—Robert White, missing witness in the William D. Shepherd "germ murder" trial at Chicago, is in Pittsburgh and can be produced within twenty-four hours.

This was the statement today to police of Frank Loras, 38, held in the Allegheny County Jail on a charge of attempted forgery.

"I know where White is hiding," Loras declared. "If charges against me here are quashed, I will promise to deliver White to the police within twenty-four hours, or forty-eight hours at the most. And I will agree to remain in jail until White has been produced as evidence of my good faith."

#### MINER KILLED WHEN STRIKERS IN RIOTS WITH CANADA POLICE

Four Hundred Troops Are Sent To New Waterford, N. S., To Quell Fighting

Halifax, N. S., June 12.—Four hundred government troops were due to arrive today in New Waterford, N. S., where 2,000 striking miners were in possession of the power plant of the British Empire Steel Corporation, following bloodshed and rioting in which one miner was killed and forty miners and company police, were injured, ten of them seriously.

Chie of Police Noble of Waterford, had both legs broken and his head battered, but is expected to live. The mob swept down on the power plant when the police who were guarding it had exhausted their ammunition. A score of police were captured and were dragged through the streets, kicked and clubbed. But for the intervention of two Catholic priests, it was believed some of the men would have been killed.

After seizing the power plant, strikers raided the company's store, carried off all provisions and clothing and set fire to the building.

#### PLEA FOR REPRIEVE FAILS; MAN DIES

Columbus, June 12.—Kondrat K. Gwozdenkow, of Big Run, Belmont County, who was put to death in the electric chair at Ohio State penitentiary here early today for the murder of 7 year old Annie Kuskof, July 13, 1924, will be buried this afternoon in Union Cemetery here. Last minute efforts by attorneys to obtain a reprieve failed, when Judge Cowan, of Belmont County, and Governor Donahy refused to interfere. Gwozdenkow went to the chair, telling death chamber attendants to "hurry up."

#### THAW AGAIN DE SERTS WHITE LIGHTS

New York June 12.—After another night among the bright lights Harry Thaw, "the playboy of Broadway," suddenly departed early today for his country home in Winchester, Va., without telling reporters whether he will return or not.

Thaw spent the evening at a theater where he occupied a seat in the fifth row.

Will Rogers, doing his turn, announced that "There's a man in the house whom all of us know," and the spotlight was switched upon the slayer of Stanford White.

There was a craning of necks. Then a moderate burst of applause.

### THIRTEEN OTHERS BURNED AS FIRE TURNS PARTY INTO PANIC: CAPTAIN IS HELD

Government Vessels Search Scene of Disaster for Missing—Passengers Leap Into Water To Escape Flames—Pilot Describes Tragedy

Atlantic City, N. J., June 12.—Thirty government vessels were searching the waters off Atlantic City today for several young men and women believed missing, following a mysterious explosion and fire which destroyed the pleasure yacht Crystal shortly before midnight last night, burned one girl to death, seriously burned thirteen young men and women and turned a ferry excursion trip into a voyage of horror.

The dead: Lillian McKnight, Pleasantville, N. J.

The injured: Mildred Jack, Jack Lindner, John Haunen, Ralph English, Estelle Banning, Warren Dilks, Dick McGlynn, Curtis Lyle, Dick Myers, Lawrence Price, Mary Toner, Katherine Arnold and Martha Weiss.

Captain William Young, who commanded the yacht was formally arrested and released under \$2,000 bond, pending government inquiry to determine cause of the tragedy.

All aboard the Crystal were members of the Social Independent Club and lived at Pleasantville and Northfield, N. J., towns adjoining Atlantic City.

All were young, their ages ranging from 15 to 22 years.

The club hired the Crystal, a cabin gasoline yacht, at three o'clock yesterday afternoon from Edward Connors, its owner here, for a sail to commemorate the anniversary of the organization. It was planned to go out about five miles and to remain there while the young people danced. Later it was decided to see whether any vessels were anchored in Rum Row.

The return voyage from "Rum Row" began about nine o'clock. When the Crystal was about six miles off Atlantic City and the lights were strumming and merriment was at its height, a terrific explosion shook the craft caused by no one knows what.

The theory among some of the members is that a burning cigarette was carelessly tossed on top of the yacht's gasoline supply tank.

With the reverberation of the explosion came a flash of fire and burning oil spread about the vessel. The men turned to horror and panic.

Captain Young ordered everybody overboard, the explosion having severed the rope attached to the dory. Afraid to jump into the water, the terrified club members remained aboard the yacht, adjusting life preservers to themselves, until the flames had practically enveloped the craft. Then they leaped overboard.

Meanwhile the flare of the burning yacht had attracted attention on shore and thousands of residents and visitors crowded the shore and hotel windows here and watched the fire.

It was, according to one of the passengers, an hour before any vessel reached the victims, clinging to the dory and floating about supported by life preservers.

The first vessel to come alongside the burning yacht was a coastguard launch from Longport. While rescuing the passengers the coastguard men found the charred body of the McKnight girl near the still burning yacht.

Harry Lehmann, Atlantic City, was at the wheel when the explosion occurred.

"Everything was going fine with the yacht and the young people were having a gay time, the sea was calm and dancing had just stopped," said Lehmann. "All of a sudden the forward deck heaved and a loud explosion followed. I was blown away from the wheel and everyone within sight was thrown to the deck."

"The girls began to scream and run wildly about. Flames began to flash on the forward deck. The boys were pretty cool for young fellows who were not seamen and while I shouted to the girls to be quiet, the boys began to tear up the deck boards to see if they could put out the fire. When the fire began to get too hot, we all began to rip up flooring and toss it overboard so we could get something to keep us afloat until boats reached us. We worked as long as we could, tearing up flooring, but finally the flames drove everybody to the starboard side and that gave the boat a heavy list and that carried away the life boats on that side."

"Captain Young kept moving about, trying to keep order but when the boat listed everybody became panicky and Captain Young ordered them to the port side so he could get them into the lifeboats there. Thinking they were going to get off, everybody rushed to the port side. This caused a counter list that put all the lifeboats on that side under water."

"The fire on the Crystal burned so fiercely," Lehmann said, "that the passengers were terrorized."

"The girls seemed to have gone crazy and some of the men too. We had a terrible time trying to tell them what to do with the fire getting hotter and hotter every minute."

"We were trying to tell them how to put on the lifebelts but their screams and shouting almost drowned our voices." By the time the coast guards arrived, Lehmann said, the yacht had burned to the water's edge.

"Captain Young was the last person to leave the yacht," said Lehmann.

#### TRAIN VICTIMS TO BE BURIED SATURDAY

Columbus, June 12.—Funeral services for the four youthful victims of the Norfolk and Western crossing tragedy here Wednesday night will be held Saturday. Thousands viewed the twisted wreck in which the four died. Miss Margaret I. Stevens will be buried in Union cemetery here. The body of Miss Ruth Harrell was sent to Wellston for burial. The body of R. Lynn Steinberger, West Liberty, was to be taken to Middleburg today for burial. The body of Thomas Ellsworth, driver of the wrecked car, was sent to his home near London.

#### WHEAT CROP IN OHIO WILL EQUAL HALF OF CROP OF LAST YEAR

Oats Crop Will Be About Same; Fruit Prospects Good; Need Cooler Weather

Columbus, O., June 12.—Prospects today are for a wheat crop in Ohio equal to about half that of last year. Statistician C. J. West, of the federal-state crop reporting bureau, announced here today.

The acreage sown to oats is one fourth larger than last year although the crop, West said, is in some danger from hot weather without sufficient rain, and as a result, the yield may not exceed that of last year.

# DR. RUSSELL GRAHAM DIES; WAS FATHER OF GREENE COUNTIAN

Dr. Russell Graham, 79, former president of Monmouth College, Monmouth, Ill., passed away at his home there, Thursday morning at 11 o'clock, according to word received by Mrs. Graham Bryson, Clifton Pike, his daughter. Mrs. Bryson received the word from her husband, who has been attending the commencement exercises at the college, as a member of the college senate, the controlling body.

Dr. Graham had been in ill health for some time. He taught in Monmouth College, thirty-eight years, occupying the chair of social science. He was for a number of years vice president and acted as president of the college for two years in the interim when the school was without an appointive head. During the last two years he held the honorary office of president emeritus.

He attended the Xenia Theological Seminary in this city and graduated from that institution in 1873. His marriage to Miss Elizabeth Thompson took place the same year. After his graduation he was pastor at Biggsville, Ind., in a U. P. Church, holding that pastorate until he was called to the chair of social science at Monmouth.

Dr. Graham was a constant contributor to "The United Presbyterian," the official church organ, writing under the nom de plume of "19".

He is survived by the following children: Dr. Ralph Graham, a practicing physician in Monmouth; Mrs. H. H. Hager, Chicago; Mrs. Graham Bryson, Xenia; Miss Elizabeth Graham, at home; Dr. Robert Graham, Augora; and Mrs. H. D. Kelly, of Des Moines, Ia. Another son, Roy Graham, died several years ago while attending medical college. Funeral services will be held Saturday morning in Monmouth. Mrs. Bryson left Thursday night to attend the services.

public is cordially invited to all services.

**MR. AND MRS. D. B. JOHN**  
Mr. and Mrs. D. B. John celebrated their golden wedding anniversary at their home on West Market Street.

ulation ruins the business efficiency of the average man. . . . .  
When a business man engages in marginal stock trading that activity rapidly fills his mind and drives out his interest in his own business. The lure of easy money gets into the blood and the onetime business man haunts the brokerage office at every available opportunity, fingers the stock ticker tape nervously, and lets the stock market control his living habits.  
For the untrained speculator this is not worth while because, along with all the nerve strain, the unseasoned trader usually has to stand a money loss. Work at your own business, and leave the trained speculator to tend to his. The results will be more satisfactory to both parties.

## Suffered for 15 years with constipation—Kellogg's ALL-BRAN brings relief in 3 weeks

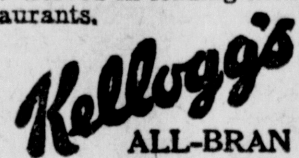

*Tried everything. Even operation. Only Kellogg's helped him.*

Constipation paves the way to many harrowing diseases. But Mr. Williams' letter carries a message of cheer:

I have been using your ALL-BRAN for the past three weeks and it has done more for me than anything I have tried in the past fifteen years. . . . I was troubled with hemorrhoids for years. About 18 months ago I was operated on with very little relief. I tried everything under the sun. Then my wife suggested Kellogg's ALL-BRAN, and I say truthfully that it is the only thing that ever gave me relief.  
Yours truly,  
L. T. WILLIAMS,  
1808 Broadway, Indianapolis, Ind.

Cleanse your system of constipation's devastating poisons with Kellogg's ALL-BRAN—a bulk food that passes through the system, sweeping the intestine clean, stimulating normal, healthy action.  
Eat two tablespoons daily—in chronic cases, with every meal. If eaten regularly, Kellogg's ALL-BRAN is guaranteed to bring permanent relief or your grocer returns the purchase price. Kellogg's ALL-BRAN is made in Battle Creek, Michigan. Sold by all grocers. Served in leading hotels and restaurants.

## MODISH MITZI—Additions To Any Trousseau

By JAY V. JAY

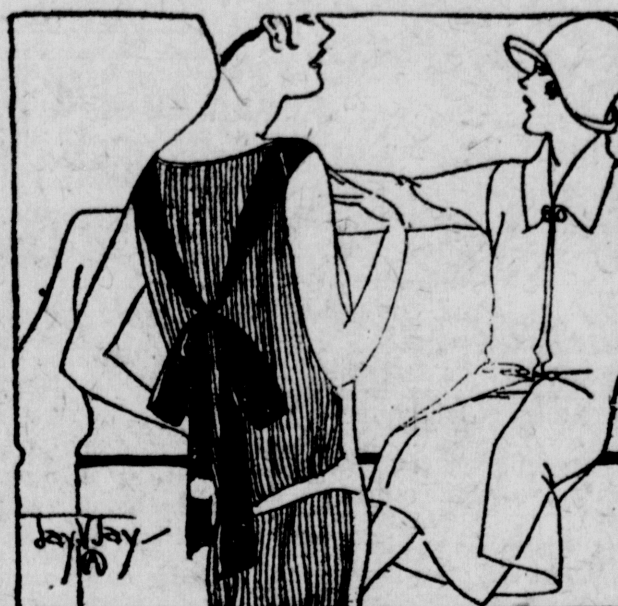

It isn't that Marian hasn't completed her trousseau long ago—she had, of course. It's just that these things were too completely charming to be passed by. Mitzi is most sympathetic with her point of view—and look at this dress-length negligee of chiffon with its pleated flounce.

This, of course, is one of the new ideas in underwear. A strapless brassiere attached to a pair of step-ins—all to be worn with a low cut evening gown. If one wishes there are little silver or gold chains, with a pin at each end, that can be used as detachable straps.

This new nightgown has a full shirred skirt and is made of hydrangea colored crepe de chine. The trimming on the deep V-shaped neck is a narrow edge of handsome lace—the corsage bouquet is made of tiny satin flowers. The hem is lace edged, too.

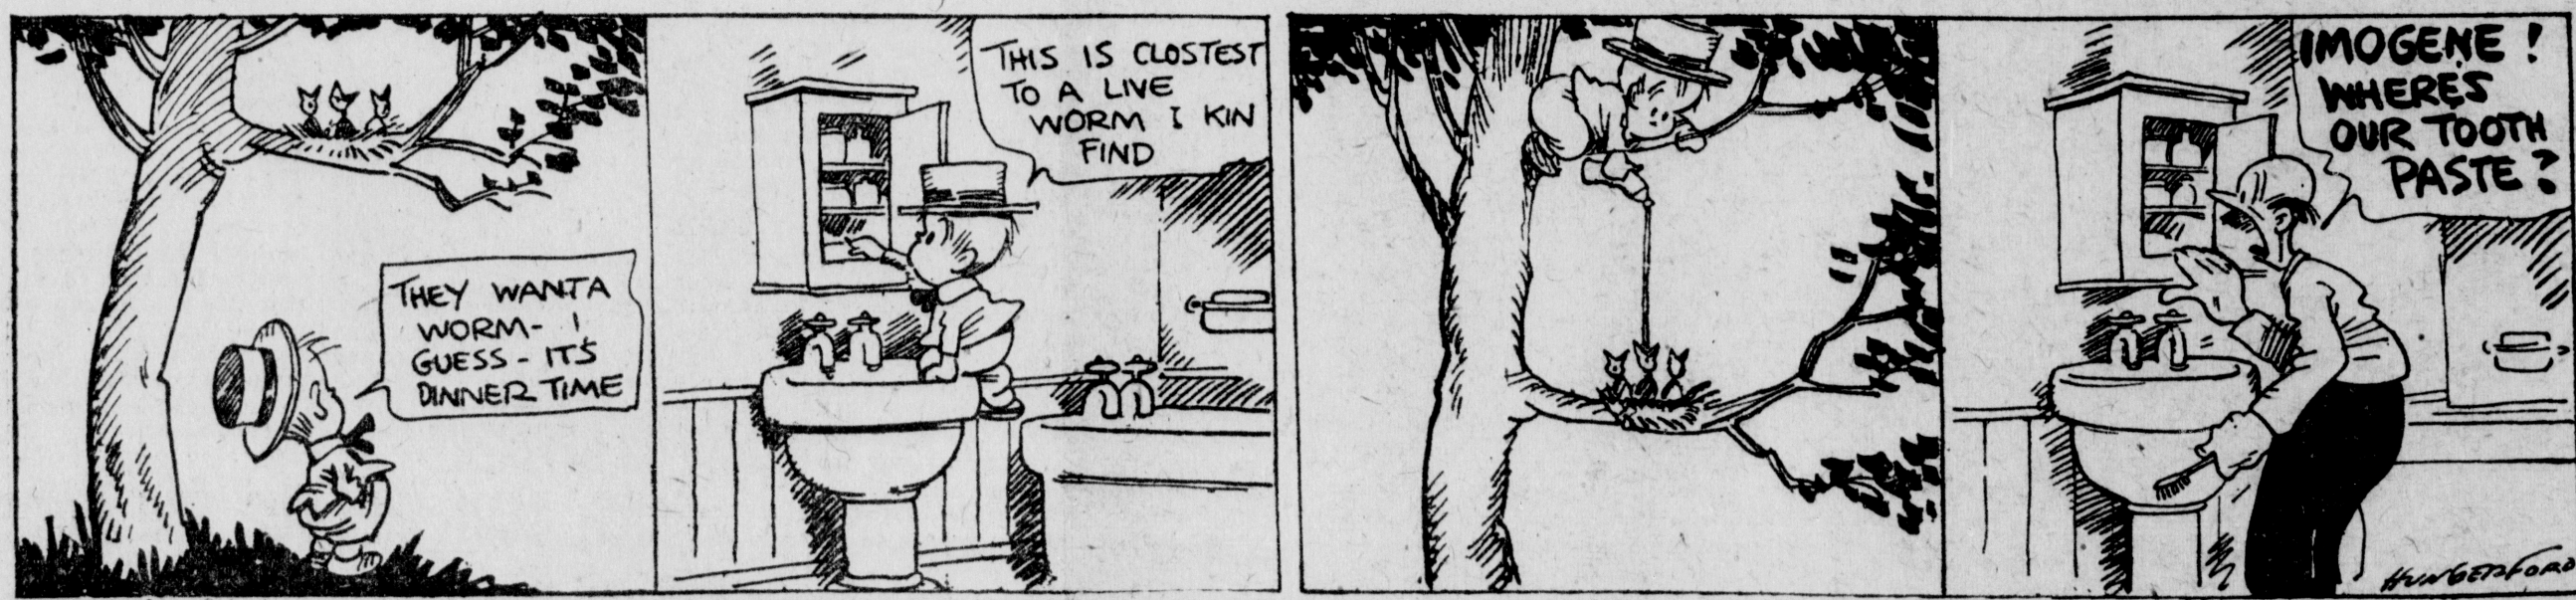

Another negligee, also of chiffon, and half pleated. The front is entirely plain and has narrow straps, like apron ties, to hold the pleated back in place. "Positively, Mitzi," Marian is saying, "this is the last thing I'm going to buy" . . . but Mitzi hopes not.

### XENIA PEOPLE ATTEND "LOUISIANA ANNUAL PICNIC"

Mr. and Mrs. Ed. Ballard, Mr. Chester Bradstreet and mother, and Mr. and Mrs. John Dymond of this city attended the annual "Louisiana Picnic," Thursday. The picnic was held at Kingman, O., and is the annual reunion of people who attended the Mardi Gras at New Orleans, several years ago.

The picnic custom has quite a bit of interesting history connected with it. Several years ago, an excursion to New Orleans, took place and several couples from Xenia attended the Mardi Gras. After the Mardi Gras festivities, the Xenia couples, together with other excursion folk, held a picnic at a quaint little town not far from New Orleans called Lorangea. Since that time the picnic has become an annual affair and has been called the "Louisiana Picnic."

A bounteous picnic dinner was served and a general good time was enjoyed with games, contests and other forms of amusement featuring the afternoon.

### CLUBBING CLUB OF BEAVERCREEK MEET

The Priscilla Clothing Club of Beaver Creek Township held its second meeting at the home of Mrs. I. M. Coy, Tuesday, June 9. Twenty-one members responded to the roll call.

The president presided at the meeting and the report of the secretary was read and approved. Girls of the club who had two years of sewing demonstrated and explained the intricacies of the sewing machine to the beginners. Miss Sarah Ferguson, a second year pupil, demonstrated the making of a "mitre corner" on aprons made by the younger students. Kimonos and other articles of wearing apparel were cut out during the meeting, after which games and readings were enjoyed. Miss Sara Ferguson entertained the guests with a reading that was appreciated by the guests.

Four Xenia students are among the candidates for degrees at the commencement exercises of the Ohio State University. They are: Andrew Harper Dickett, college of agriculture; Anita Conant Moser, home economics; Sunny Christian Brennehan, college of commerce and Harry Raymond Hale, certificate of pharmaceutical chemist.

The commencement exercises will begin Friday night, June 12 with the senior "prom," the entire commencement covering five days. A class of approximately 1,200 will receive degrees and professional certificates at the commencement exercises proper June 16.

"Alumni Day" will be observed on the campus June 13. The following day will be the occasion of the annual baccalaureate services. Monday, June 15, will be "Class Day."

Including nearly 500 graduates in August, December and March, the 1925 Ohio state class probably will number in excess of 1700. The number is the greatest in the history of the University. The present graduates will bring the University's total family of sons and daughters to nearly 18,000.

## COMMISSION GIVES APPROVAL TO NEW AUXILIARY ENGINE

Formal approval was given by the City Commission at its regular meeting Thursday night of the purchase of a Sterling gasoline engine as an addition to the equipment at the City Waterworks unit.

The engine will be used only in emergency cases to furnish power and generate electricity such as during a severe electrical storm when the regular power fails or lines are down. The engine has been installed at the waterworks and tested, officials expressing themselves that it worked satisfactorily.

The building was enlarged and an excavation made to make room for the new engine.

Commissioners transacted only routine business during the remainder of the session.

### DRY THROATS

Chilled fruit juices served in frosty tall glasses chase summer heat up an alley! We just got in Lemon and Lime, Raspberry and Strawberry. Twenty servings for 35c. Certainly cheaper and far more satisfactory than the fresh fruit.

### KARMA

Used by women folks who dislike an electric needle. Is very popular since the new swimming pool opened.

### KODAKS

These are picture takin' days all right. After you "get one" it pays to have care taken in its development, refinishing and mounting. An extra good one when enlarged is many times more interesting than an expensively produced professional photo. We do all of those things.

### VICTOR RED SEALS 40% OFF

McCormick and Caruso, can now enter your home at a very low cost. The Victor people are discontinuing a certain line of their products and we're giving Xenia a low price to clean out our stock.

### What I Am Doing This For

I told you quite a spell back that I'd got a new slant on this advertising thing and I think it's about time to go just a step further. Gotta 'nother thought.

I want it thoroughly understood that I CAN'T AFFORD to tell you each and every week ALL the bargains, ALL the new stuff, ALL the good things I've got here in the store for you to shop over. You've got to form the habit of grabbing your purse by the nape of the neck and coming down here FIRST when you start out on a shopping tour!

I generally look over the store carefully before I write this weekly ad. Then I jot down different items which I KNOW are mity good buys for ANY one. When I look over my list I always find I've got just about 10 times more items than I can use! Result is I have to cull out and cull out until I can get few enuf for the size of my advertising wad. Point is I want you to ASK us folks for stuff EVEN IF IT ISN'T ADVERTISED.

Shorty said yesterday "Doc, don't anybody know how to write here in this town? Generally when I work for a guy press agenting, folks write me letters and such—what's the matter with this town? Why don't you sell 'em some pep and inks, Doc, and see what they got on their chests?"

However, that's got nothing to do with the idea I want you to get. COME IN ANYHOW, WE'VE PROBABLY GOT IT!

I see where Doc's hinting that you write me a letter about something and diddy notice how he brings in something about selling pens and inks? Always wanting to SELL something. I DID say what Doc says I said, but I see no good reason why he should bust out in print about it. I like the simple things, simple life, simple people so today in order to be more than usual simple I borries the landlady's youngster's play clothes and boy, you got no idea how cam it makes one! It beats a lot of the ammonias and face powders and hair tonics that Doc's always recommend ing to folks that come in the store.

Come in and see us some time.

Shorty

### HALF POUND SOAP 10c.

This is a combination of Coconut and Castile. It's a hard water soap—the coconut ingredient giving it the lathering qualities which is so desirable.

### EZI 75c.

Better known as "goggles"—Come in all shades and are a big comfort for driving, ploughing, harrowing or just plain scrutinizing. A great eye protection.

### SWIM CAPS

New ones came in yesterday and they're not only comfortable to wear but are very very easy on the eyes. They sure brighten up the new pool. All prices.

### I GAMOLED

Got a "job lot" of 8c Square Americans a keen smoke and the price I paid allows me to sell 'em at 7 for 25c!

### FRECKLES

"Sunex" is a chemical marvel! Rubbed into the skin it absorbs the ultra violet rays which produce sunburn and makes a freckle go right straight AWAY. Personally I LIKE freckles if properly placed.

## UP AGAIN

BRYAN'S attempt to destroy the theory of evolution by seeking the punishment of those who teach it in the public schools has called forth varying opinions from the public at large. One of the most interesting likens the trial of John T. Scopes under the Bryan law in Tennessee to the trial and condemnation of Galileo by the Inquisition in the seventeenth century. The quotation follows:

The comparison of the two cases is made perfect when the indictment of Scopes in 1925 is compared with the condemnation of Galileo in 1633. A part of this condemnation is as follows:

"Whereas, you, Galileo, son of the late Vincenzo Galileo of Florence, aged 70 years, were denounced in 1615 to this holy office for holding as true the false doctrine taught by many—namely, that the sun is immovable in the center of the world and that the earth moves and also with a diurnal motion; also, for having pupils whom you instructed in the same opinions; also for maintaining a correspondence with some German mathematicians; also for publishing certain letters on the solar spots in which you discussed the same doctrine as truth; also for answering the objections which were continually produced from the Holy Scriptures by glossing the said Scriptures according to your own meaning; and whereas thereupon was produced a copy you to a person formerly your pupil, in which, following the hypothesis of Copernicus, you include several propositions contrary to the true sense and authority of the Holy Scripture.

"Therefore, this holy tribunal, being desirous of providing against the disorder and mischief these proceeding and increasing to the detriment of the holy faith, etc., etc.:

"The proposition that the sun is the center of the world and immovable from its place is absurd philosophically, false and formally heretical because it is expressly contrary to the Holy Scripture.

"The proposition that the earth is not the center of the world nor immovable, but that it moves also with a diurnal motion, is also absurd philosophically, false and, theologically considered at least, erroneous in faith.

"The Inquisition sentenced Galileo to prison for an indefinite time, and to recite the seven penitential psalms once a week for three years. Galileo, however, avoided the severity of the sentence by publicly adjuring the Copernican theory, although under his breath he asserted that the world does turn round.

"Doubtless the Tennessee court, under the direction of Bryan, will put a heavy penalty upon Scopes, including probably the reading of the first chapter of Genesis daily for the rest of his life. But will the Court offer Scopes, as the Inquisition did Galileo, a loophole of escape through adjuration. Can those who violate Mr. Bryan's religious tests square themselves with the law by repudiating evolution?

## HEAT

WHEN the newspapers say that several hundred people have died during the present heat wave, they do not mean that all of these people were prostrated by heat and succumbed.

The heat wave takes its toll not only among those who are prostrated by the extreme temperature but among those who die seeking relief from the weather.

The majority of these latter are bathers who, unable to swim, venture recklessly into unknown waters to cool overheated blood and are swept away in unexpected depths, or who, being expert swimmers, overdo their plunge by remaining in the water too long and being overcome by cramps or heart attacks from which their swimming knowledge is unable to save them.

There are those who say: "Learn to swim so that in time of emergency you may be able to save yourself." But there are others who point out that those who have the greatest fear of the water and never go in bathing are more fortunate than the expert whose frequent baiting of treacherous waters often ends in disaster.

Simple safety first rules similar to those employed to prevent accidents on land, should be prepared for those who seek out cool swimming holes during the hot months. One of these might be a warning to bathers to learn to swim in regulated and protected artificial pools and not venture into natural and unguarded pools until experienced. Another might be this: "Do not exhaust yourself by too long a stay in the water nor overestimate your strength and swimming ability in foolhardy exhibitions."

## COPS ON HIGHWAYS

Cadiz, June 12—Harrison County commissioners have employed a traffic cop to patrol county highways. The action was in response to complaints against speeding on newly-paved roads.

## KIDS SEE PARADE

Bucyrus, June 12—The twenty-five children at the Star-King's Dagny's Home here, who were quar-

antined on account of a case of diphtheria at the home, were agreeably surprised when a circus parade went a mile out of its scheduled route in order to give the little shut-ins opportunity to witness the full parade.

## A JUNE WEDDING THAT EUROPE WOULD LOVE TO SEE

## 1905-Twenty Years Ago-1925

Ernest Hustmyer, who has been spending a week or two in this city on a visit with his parents, returned Wednesday to St. Louis.

Graham Bryson, this city, graduated from Monmouth Col-

lege, Monday. He met with signal honors during the course and was chosen to represent his class at the graduating exercises.

Xenia barber shops must now close at midnight on Saturday nights according to an order issued by police.

## McClelland Neighborhood

Mr. and Mrs. Jas. Hollingshead attended Steele High School commencement Wednesday. Their niece Sylvan Wheelan, was one of the graduates.

Mrs. Ernest Bradford was hostess to the McClelland W. C. T. U. Wednesday. Miss Velda Beal gave an interesting history of the origin of the Flower Mission department, a work that brings cheer to many thousands every year. A very instructive talk was given by Mrs. Sarah Roberson, Secretary of the Red Cross Chapter of Xenia. A refreshment course of tea and iced cakes were served by the hostess assisted by Mrs. Gowdy.

Mr. and Mrs. Billmyre, Earl Soward and family and Mr. and Mrs. Warren Kelter attended the Gurnsey Field day at the home of Mr. Lawrence Coy, Wednesday. A good crowd was in attendance. A beautiful cafeteria dinner was served at noon.

Mr. Durstein has sold his farm on the Alpha road and with his family will move to his place on Springfield Pike. He held a sale of stock and implements Tuesday.

Word has been received that Mrs. Orie Coblenz of Upper Bellbrook Pike was operated upon for goitre, Tuesday at Grant Hospital, Columbus. Her condition is considered favorable.

Mr. and Mrs. Elisha Soward of Dayton are visiting at the home of Mr. Earl Soward of Upper Bellbrook Pike.

## RESCUED FROM WATER

Amherst, June 12—Jacob Von Kanel rescued John Zbinden, 25, from the quarry hole into which he fell while wrestling with a companion on the brink of the quarry hole. Zbinden was unable to swim. He was resuscitated.

If any room in the house needs sun light, it is the dining room. For sunlight contributes to cheerfulness; and cheerfulness is absolutely necessary to us during meals, to aid digestion.

Yet there are many homes in which the dining room has a Northern exposure. And where this is the case, there is only one thing to do: create the effect of sunshine, with warm buffs, tans, and yellow decorations.

I have recently seen a dining room decorated in this way, and I am going to describe it for the benefit of the woman who is faced with the sunless-dining room problem.

The walls were papered in plain yellow—not too bright, not too pale. It made a splendid background for several sepia photographs of buildings in Europe, which were hung upon it, framed in brown.

The furniture, too, was brown—American walnut. It consisted of a large dining table, six chairs, a buffet a serving table and a tea cart. The woodwork was cream color. A bow window, draped with cream scrim "glass" curtains, gave the room plenty of light. (There were no window overdrapes.)

The floor was stained walnut under its varnish; it was covered to within two feet of the wall, all around, by a brown Wilton Rug. Between meals an ecorse runner was thrown across the table, upon which stood a

yellow bowl filled with artificial nasturtiums. The cloth on buffet and on the serving table matched this table runner.

The articles on the buffet were: a yellow china candlestick at either end and a brown carved wooden fruit bowl in the center. On the serving table stood a large brown-mahogany tray filled with tall glasses grouped about a glass pitcher—deliciously suggestive of iced beverages served on the porch on a warm afternoon!

Well has it paid to re-decorate this room? I asked the woman who had so cleverly disguised the fact that it was sunless. "A hundred times!" she declared. "Before, when it was papered in green, my husband and I used to sit down to meals with a depression we could not put our finger on. Now we just love to be in here."

## In 24 Hours Ends NEURITIS

When you've tried everything you can think of and nothing seems to even relieve those piercing, agonizing pains, just go to Sayre and Hemphill or some other good druggist and get a bottle of Allenru Special Formula No. 2. Be sure you get No. 2 which comes in capsule form, for the liquid form is a special preparation for Rheumatism.

Take these little dark green capsules as directed and notice how in about 24 hours they have considerably reduced, if not entirely banished, those persistent, nerve racking pains that have caused you many sleepless nights. A few more doses and the pains to have left you forever.

While this particular formula was compounded for the purpose of conquering painful, Gouty conditions and what is known as Rheumatoid Arthritis—a knotty, painful swelling of the joints—it has proven wonderfully successful in all forms of Neuritis and Sciatic Nerve Pains.

You needn't be afraid of its containing dope of any kind—it doesn't. Such things are only makeshifts and can only at the best give temporary relief.

Be sure you've got Neuritis and then get Allenru Special Formula No. 2. Your pains will be gone before you know it. Adv.

## Today's Talks

## AFRAID

So long as we breathe we shall never be able wholly to abolish fear from our lives.

But it is this very fear that keeps us up on our toes and compels us to be watchful. For we are beset with it on every hand. We can purge our very hearts from all that is disturbing through a peaceful trust and an earnest desire to be made rely with the oncoming of every day, but that elusive spirit known as Fear seems to be with us as a companion throughout life.

And so we become afraid. It is for this reason that we are given God, beauty, human sympathy, and the daily compensations that crowd about us.

The fine admonition of Jesus, when those about Him became afraid, was: "Fear not," and "Let not your heart be troubled."

One reason why the religions of today go deeper and become more permanent in the hearts of all people is that they have eliminated that great bugaboo of Fear. Like driving a horse up to the watering place through force, though being unable to make him drink.

If enough love were used in a human being there would be no Fear at all at any time. But somehow love is used so sparingly.

In reading the life of the late W. H. Hudson, I learned that he lived every day in great Fear of death. He had a weak heart and doctors told him that he had but a short life before him. Yet he lived until he was past 80!

I dined in a unique eating room re-

cently. Over the centre of the room was this motto on a hanging board: "IT REALLY DOESN'T MATTER." Well, most of our Fear comes from sources that do not matter anyway. Never mind.

## THE SPORTSMAN'S SONG

Life has not been in vain. With all its care and pain. And hopes which rise and pass. This prayer of thanks I give: I have been glad to live. To live and fish for bass.

I have not come to fame. Nor heard the world's acclaim. But I have loved the grass. And I have loved the sky. The clear streams running by. And I have caught a bass.

Doubt and despair I've known. At times I've stood alone. And seemed to question God. But June has come once more. Along some sunlit shore I've seen the rushes nod.

I've had my days of care. Burdens I've had to bear. For life has much to give. But I have treasured dreams. Loved trees, and hills and streams. And I've been glad to live.

Prepared at home in a minute by briskly stirring the powder in hot or cold water. No Cooking.

## AIR FREIGHT ROUTE STARTED IN DETROIT

Detroit, June 12—Following the announcement last night that Detroit Airways, Inc., has been organized to carry freight by plane from Detroit to Chicago, Cleveland and Dayton, George Willens, aircraft expert, stated today that bids would be submitted to carry mail over the route.  
Four Curtiss heavy duty planes and a Fokker machine have been ordered to fly, said. The prospect, which will start probably within two weeks, is financed entirely by Detroiters.

## PRINCE ATTENDS FARM BUREAU MEET

Ford S. Prince, Greene County Agricultural agent, attended a meeting of farm bureau service managers from Darke, Greene, Madison, Clark, Union and Champaign counties, Thursday, at the Springfield Farm Bureau offices.  
Representatives of the Live Stock Shippers associations were also present and joined in the round table discussion relative to the best methods of pooling wool, marketing livestock and co-operation in purchasing.  
J. R. Algire, of Columbus, connected with Ohio Farm Bureau Federation in the Live Stock Marketing Department, presided at the meeting and Dewey Head of Columbus, acted as secretary.

## BRITAIN TO FIGHT SECURITY PACT

London, June 12—Indications multiplied today that Britain is about to undergo an anti-security pact, fight that will bear a striking similarity to the anti-league of nations fight which the United States witnessed after the Paris conference.  
The Baldwin government, which negotiated the pact, is distinctly worried.  
With a considerable section of the press already deploring the treaty on the ground that it means an end to Britain's "splendid isolation," the liberals came out into the open today with undisguised opposition.  
The Daily Chronicle, organ of Ex-Premier Lloyd George today attacks the pact on the ground that England

may be drawn into the petty quarrels of central Europe, in which she has no direct concern.

**Above: GEN. HANS VON SEECKT & KING ALFONSO.**  
**Below: IDA RUBENSTEIN & HUGO STINNES, JR.**  
General Hans von Seeckt must be deposed as commander-in-chief of the German national army, the Allied note stated. King Alfonso, of Spain, was saved from the second bomb attempt against his life by the discovery of an infernal machine in Barcelona Cathedral. Ida Rubenstein, internationally known actress and former fiancée of Gabriele D'Annunzio, announced she expects to fly to the North Pole in the relief expedition for the missing Amundsen-Ellsworth expedition. Hugo Stinnes, Jr., head of the great German industrial interests, faces a financial crisis, according to report.

## Married in Airplane

After being wed in an airplane soaring 10,000 feet over Detroit, Mr. and Mrs. Howard N. Potter (right) landed long enough to bid farewell to the occupants of two other airplanes who had accompanied them during the ceremony. Then they departed for an aerial honeymoon.

## Pretty College Girls Study on Own for Degree of P. M.

Frances Robeson, Eureka, Ill.; Blanche Rude, Rantoul, Ill., and Maurine Fisher, three of the prettiest students at Eureka College, decided there should be more to college life. They took up the practical study of housework, cooking meals, marketing, housecleaning, laundrying, entertaining guests. Then, to make their experience complete, they "adopted" a baby. Now they claim the degree of P. M.—Practical Mother.

## Bryan as He Is Today

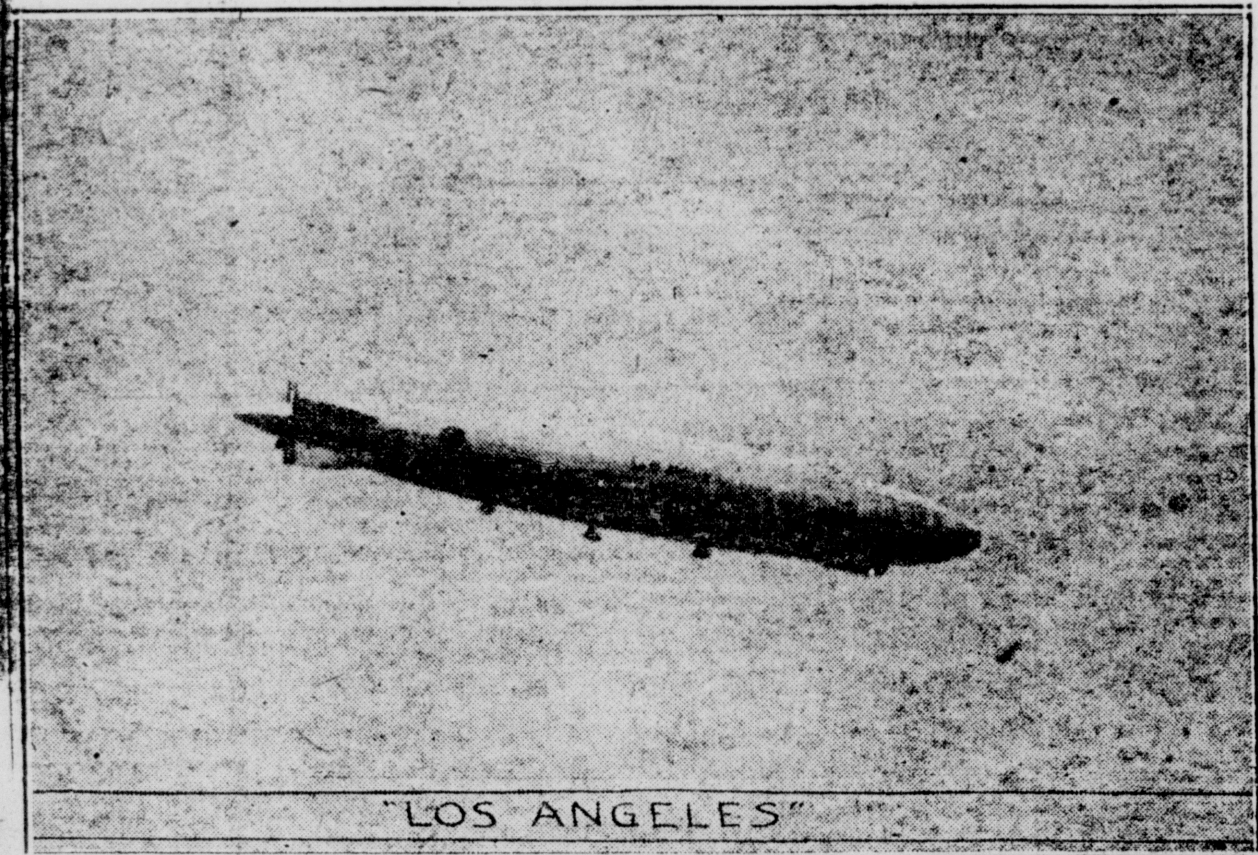

Upholding the theory that every word of the Old and New Testaments is the literal truth, William Jennings Bryan, is touring the country mobilizing support for the "fundamentalist" stand, preparatory to aiding the prosecution in the trial of John T. Scopes, science teacher, for violation of Tennessee's anti-evolution law. This is the latest photo of the "Commoner," showing him as he is today.

## Held in Kane Murder

Investigation of the brutal slaying of pretty Miss Florence Kane, Brooklyn, N. Y., girl and sister of a city detective, resulted in the arrest of William Brassfield, giant colored man. He was identified as having been seen loitering near the scene of the crime. His white wife offered an alibi for him.

## Dirigible Concealed by Smoke Screen

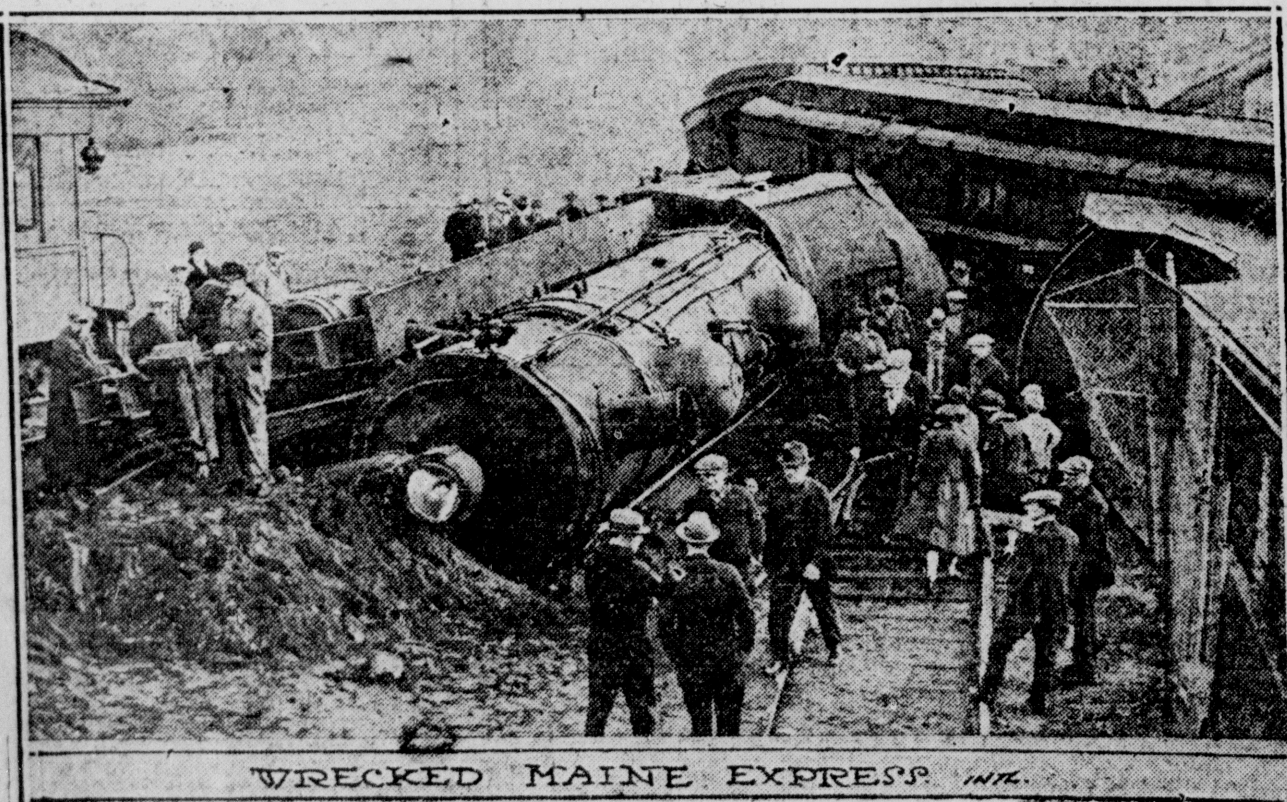

For the first time in the history of aeronautics, a smoke screen was formed to conceal a dirigible. The test was made on the monster aircraft Los Angeles near Washington. This picture shows a Martin bomber just rounding the nose of the dirigible leaving its tail of smoke. (Photo Copyright International Newsreel)

## In Blackmail Murder

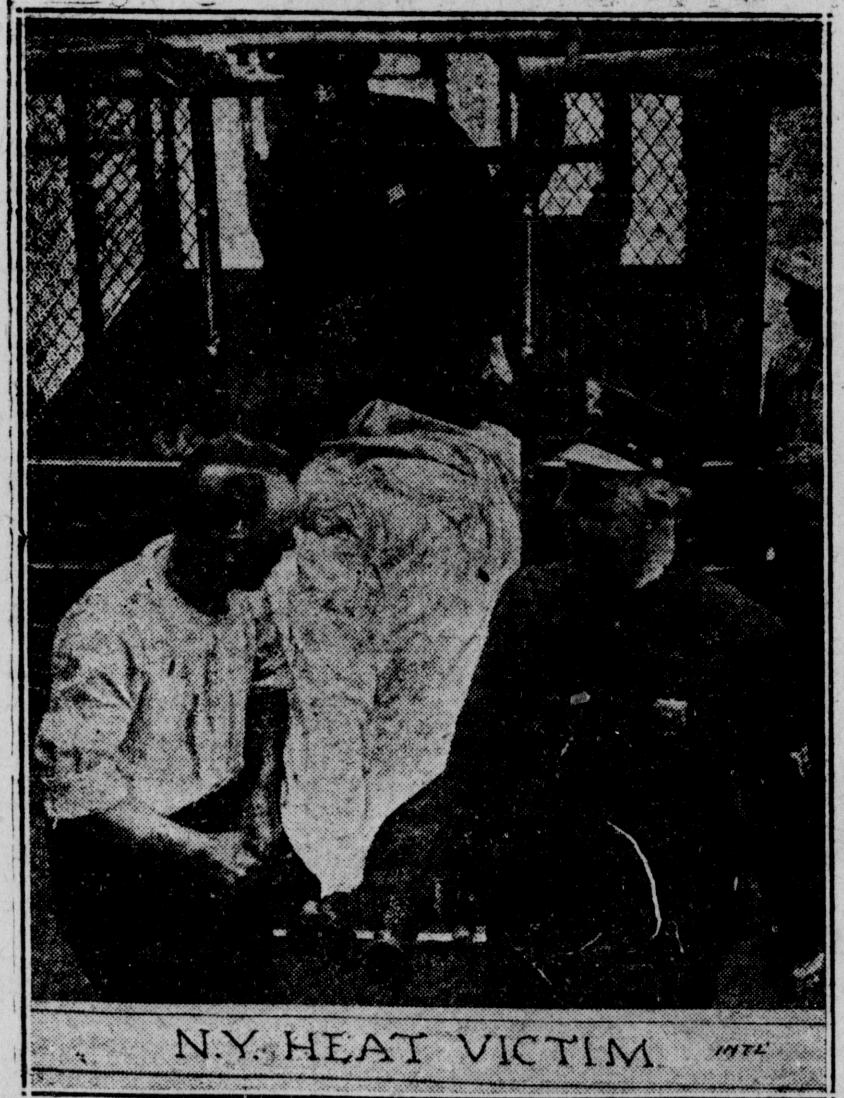

Thomas Lonsdale Leeming, fifty-four (inset), millionaire wholesale drug importer, was shot to death in his New York office building by Charles Muller (centre, handcuffed), who confessed, according to police, that he had killed Leeming when he balked after seven years of paying out blackmail money.

## Fireman Killed in Maine Wreck

The Maine Express, one of New England's crack trains, was derailed by a faulty switch near Worcester, Mass., instantly killing the fireman. The engineer miraculously escaped injury, although pinned in by wreckage. One passenger and several trainmen were injured.

## Gotham Heat Takes Toll

With 14 deaths in a day ascribed directly or partially to the heat Mayor Hylan of New York ordered all parks opened to the public for sleeping purposes and caused showers to be erected at hundreds of fire plugs. Charles Gildersleeve, wealthy trucking man, died at his desk. Police are shown removing the body.

## JERRY L. KATHERMAN SIGNS CONTRACT TO COACH CAPITAL UNIVERSITY FOUR YEARS

J. L. "Jerry" Katherman, athletic coach at Capital University, Columbus, Thursday signed a contract with school officials to continue as head of the coaching staff for four more years, it is announced.

Katherman, it will be remembered, coached the championship football team at Central High School here in 1921 that brought the Miami cup, emblem of the Southern Ohio class B school championship, to Xenia for one year. The 1921 grid team, under Jerry's coaching, won every game played on a hard schedule and was scored upon but once.

Katherman's basketball team was also one of the best ever to represent a local school and fought its way to the semi-finals in the state championship before being eliminated.

Katherman left Xenia in 1922 and accepted a position as line coach in football at Ohio Wesleyan University, Delaware, O. Katherman developed a forward wall that was voted the strongest both on offense and defense in the Ohio Conference. The Methodists won the conference title that year for the first time in a number of years.

After making an enviable coaching record at the Delaware university, Capital obtained his services in 1923 and Jerry developed the first Capital football team that the Columbus college has had in many years.

## ANTIOCH COLLEGE TO HOLD AQUATIC SPORTS WEDNESDAY

Antioch College will stage its first annual swimming meet next Wednesday to be held at Grinnell's Mill. Arrangements for the event have been placed in charge of "Duke" Dubois, of the college gym department.

The program of events for the meet will include the fifty yard breast stroke for men, twenty-five yard dash for women, fifty yard free style for men, 100 yard free style for men, 200 yard free style for women and fancy diving.

An egg race will also be staged

over a twenty-five yard course, holding a celluloid ball between the teeth, a canoe tilting in an out canoe race, hand paddling canoe race, and an exhibition of life saving by members of the American Life Savings Corp, are other novelty features of the mammoth meet.

The student body of Antioch is comprised of a number of swimmers far above the average, two students holding A. A. U. championships and one other who boasts the forty yard championship of Pitt River.

## MERCHANTS WILL GO AFTER EIGHTH WIN IN SUNDAY CONTEST

The Xenia Merchants baseball team will attempt to extend its winning streak to seven straight games with the Ace of Diamonds team of Columbus. Sunday afternoon at Dickenson Park. The Capital City nine has also completed a winning streak that has reached seven games this season, and the game Sunday will be a battle between two undefeated teams.

Either Lewis or Jones will pitch the Sunday game for the Merchants.

with Anderson or Ewing catching, according to which twirler is selected. Shoecraft will cover first. Simpkins at second. Brown at short. Ward at third and Porter, Standhope and Cunningham in the outfield. Cochran and Paul Eadsedge will be held in reserve but will probably break into lineup should any of the veterans falter.

The Merchants have gotten together a combination of heavy sluggers this season and favored with good pitching in a majority of its games has won every game played this season. The Columbus nine is

touted as being one of the strongest in that city.

The game will start at 3 o'clock with competent officials in charge. Admission 35 cents for men and 25 cents for women.

## FALLS TO DEATH

Pomeroy, June 12—Wayne Kenner, 19, died at his home near Mason, due to a fall which resulted in a broken neck. The young man had been ill and went to a window of his room, on the second floor where he fainted and fell out.

## DENIES M'DONNELL RELEASED BECAUSE OF SALARY EXPENSE

Refuting a statement that McDonnell, star twirler of no-hit fame, was released because his salary was too high, George Ewing, business manager of the Xenia Reserves baseball team, declared Friday that the pitcher was released for certain reasons which could not be publicly named.

Ewing also denied that the Reserves will be in a hole for a moundman should Cyphers, the other regular be injured or weak in a game. He declared Friday that the Reserves have signed up another hurler to replace McDonnell and local fans attending the game with the Troy Redmen at Washington Park Sunday after, will be assured of a close game and good pitching.

The business manager also announced that the Reserves has also acquired the services of a new infielder to bolster the inner defense, who may be seen in the lineup for the first time in the Sunday game.

The Reserves lost to the Trojans by a 2 to 1 score last Sunday in a pitcher's battle and will try to even the score in the return game Sunday.

## MUSKINGUM LOSES TO ANTIOCH NINE

Antioch defeated Muskingum College, at New Concord, O., by a 10 to 5 score in the final baseball game of the season for Muskingum Thursday afternoon. Headley had the pitching edge on Danson but the visitors played good ball in the field.

The Antioch batters touched the New Concord twirler for runs frequently aided by misplays in the field and the Yellow Springs College was never in danger.

In announcing the opening of our station on Bellbrook Avenue next to the Red Wing and close to The DeWine Milling Co., we assure you **SERVICE, QUALITY GASOLINE, QUALITY OILS** at a **LOW PRICE**.

This **GASOLINE** not only meets government specifications but even excels that specification, we are positive in making the statement that "our gasoline" is as good if not better than that sold at many stations for 22 1-2 cents.

Our **LUBRICATING OILS** meet the most exact automotive engineer's specifications and are the equal of many advertised oils that sell for more than twice our price.

These **LOW PRICES** for the best quality gasoline and oils are possible because of our system of selling direct from **TANK CAR**—avoiding the **MIDDLEMAN**. OUR **DISPENSING SYSTEM** is through **BOWSER**—10 Gallon Visible Underwriters Guaranteed Pumps which measure with absolute accuracy and are proof against any possibility of less gasoline being put into the motorist's tank than is visibly recorded.

OUR **SERVICE** is immediate, accurate, and equal to the capacity of any other station in Xenia.

**THE CARE OF YOUR BABY**

For the benefit of a few mothers who were so unfortunate as not to get a copy of my book on 'The Care Of Your Baby,' I take this opportunity of presenting a few important rules, which I believe will be very valuable.

Does the baby chew his toe? Don't let that alarm you. He won't be so anxious to keep his feet clean in a few years. Then, too, he must have something to chew until he gets old enough to chew tobacco.

Does your baby pick up magazines, newspapers and letters and go to chewing on them? Aha, you will have a postmaster in the family. In case you would like something that the baby cannot chew into bits, write me and I will send some of the indestructible biscuits my wife bakes.

Then there is the question of dressing the baby. In the first place, every baby has to have about as many changes of clothes as uddolph Valentino. As babies are hard to grab hold of I suggest the following plan.

Have a vice attached to the kitchen table. Take the youngster and put its shoulders in the vice and tighten on the handle until there is no chance for the little fellow to fall out. This will give you a chance to answer the phone, should it ring while you are putting on new garments.

Every night before putting the baby to bed sing it a few notes about the Democratic convention held in New York last year. Instead of counting sheep, count the number of ballots taken to nominate J. W. Davis. The baby will soon be in slumber land.

If you spare the rod, you spoil the child. So on with the horsewhippings.

But has no more, by heck;

MRS. JAMES HARRIS  
Correspondent  
TEL. 91-R

This is what the Tuesday morning Republican of Findlay, has to say concerning Mr. William J. Maxwell, son of Rev. W. T. Maxwell and wife of this city: "Music lovers of Findlay enjoyed a real wholesome treat, all the more genuine because it came as a surprise when William J. Maxwell, Negro basso, gave a recital at the First M. E. Church Monday evening. The big auditorium of the church was filled almost to its capacity. The audience, which included a large share of Findlay's music loving and appreciative people sat almost spell-bound through every number. Mr. Maxwell has a rich, sweetly resonant voice, clear and pure, throughout the entire range of the bass register. He has resided in Findlay about six years. Just one year ago Miss Adelaide Kelly, teacher of music and critic director of the First M. E. Church choir was invited to attend a concert at the A. M. E. Church and was so favorably impressed by the voice of the then unknown Mr. Maxwell that she sought him out and encouraged him to cultivate his talent. Until that time he had had no systematic training. Since then he has been studying under the instructions

## AUTO CLUB ISSUES WARNING AGAINST INSURANCE CLAUSE

Dilver Belden, secretary of the Greene County Auto Club, declared Thursday that members are receiving letters from headquarters cautioning them to exercise care in taking insurance policies and to beware of certain forms which contain clauses such as the following:

"The company in consideration of the payment of the premium agrees to indemnify the policy holder against loss that may arise from liability for damages." The joker lies in the fact that the insurer will not be protected by the companies until he has paid out a loss, Belden says.

According to Mr. Belden, policy holders who are temporarily short of funds or insolvent persons who are unable to pay their liabilities, receive no protection. Briefly, a number of companies pay the damage by assuming the liability while others simply pay back the insurer what he has already paid out, in this way taking advantage of the clever wording.

Officials of the Auto Club are warning members who take out automobile insurance to take their policies to the club on Saturdays for advice and to secure the company, if possible, that assumes the direct liability. The companies under fire are being investigated it is said.

## CLUB RALLY DAY TO BE HELD TUESDAY

"Club Rally Day" when boys' and girls' clubs of Greene County will be taken on an inspection tour of Springfield and enjoy a picnic, will be held at Springfield, next Tuesday, June 16.

The crowd will meet at the plant of the Buckeye Incubator Company, on the south side of Springfield, on Euclid Avenue, between Yellow Springs and Limestone Streets, at 8:30 a.m., standard time.

Here the crowd will divide, so that the groups will not be too large and visit the various places for inspection trips.

Plants to be visited are: the Incubator Company, The Crowell Publishing Company, The Wren Store and the Thomas Manufacturing Company.

After these visits are made, the crowd will picnic at Snyder Park. One feature of the afternoon program will be a baseball game between the Club boys of Greene and Clark Counties.

Club members, parents and leaders are all invited.

## MOTORISTS WARNED TO PARK CORRECTLY

Police Chief M. E. Graham issued a warning Thursday to motorists parking their automobiles in the restricted business districts of the city horizontally with the curb or in any position other than that designated by the parking lines. Congestion is the result of wrong parking, especially on Saturday, he said.

Offending motorists are violating the city ordinance, it was warned by Chief Graham, and will be subject to citation in Police Court and fines.

## BOARD OF REVISION ORGANIZES AT MEET

The Greene County Board of Revision formally organized for 1925 Monday afternoon with the election of Herman Eavey, president of the board of county commissioners, president. County Auditor R. O. Wead automatically became secretary. County Treasurer F. A. Jackson is the other member of the board.

The board will hold its first meeting the first Monday in July for the purpose of passing on complaints arising from tax assessments and returns of incorporated companies.

Should the Fairfield village valuations be completed by that time, Auditor Wead will lay these valuations before the board.

## OLD RESIDENT NEAR DEATH

"I had not eaten food for 10 days and was slowly starving to death. Given up by five doctors, I tried a bottle of Mayr's Wonderful Remedy, which gave relief at once. I am 75 years old and would have died but for your wonderful medicine. The jaundice is all gone and I am gaining appetite and strength every day." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Sold by Sayre and Hemphill and druggists everywhere.—Ad.

## BRINGING UP FATHER

## MICHAEL'S MARRIAGE

By MICHAEL

CHAPTER LXVII  
Fortunately, Michael did not find Lilah immediately. When he did run across her, she and Lugh (eventually Michael found out that this was the young man's name), were with Aunt Mary, and his anger had abated somewhat. However, he was still determined to have it out with her about this cheek-to-cheek dancing; the shock had not worn off.

Perhaps this radical change in his mood was due to the dance he had with Eloise Marshall.

"I'll bet he has been in some bold devilment," Aunt Mary said, regarding him with mock austerity. "Yes, where have you been, young man?" Lilah asked. "We've been looking everywhere for you."

"Oh, just around," he shrugged. Aunt Mary winked at him. "Mr. Lugh wants us to drive down to his cottage by the ocean and have breakfast there," Lilah announced, explaining why they had been, as she put it, searching for him.

Michael regarded her doubtfully, conscious that a spark of jealousy was gnawing at him. This Lugh was a handsome fellow.

"Your headache,....."

"Oh, I've forgotten it," she anticipated him.

"Let's make a party of it," Aunt Mary enthused.

"Yes, let's have some one else," Mr. Lugh smiled automatically, remembering that there were only six knives and forks among all the lavish furnishings of his lodge.

"There's Eloise! How about asking her?" Aunt Mary exclaimed, scanning the floor, from which dancers were now disappearing.

Michael started, and his eyes followed Mr. Lugh's.

"Surely," said the latter, turning his eyes upon Lilah.

Aunt Mary started off towards Eloise. Michael moved a little closer to his wife.

"I wish the sun rose as well as set in the west," Mr. Lugh observed to Lilah.

"Don't you just love sunsets!" she responded. "I do! I wish I could see the sunrise every morning, too!"

Michael laughed. "Then why not get up and see them?"

Lilah glanced at him coldly. "Eloise has gone to get her wraps," Aunt Mary announced returning. The four of them started towards the door. Lilah proceeding in front with Lugh, and Michael following with Aunt Mary who nudged him with an elbow.

Michael was aware that Lilah was watching him closely when the newcomer, having been introduced to her, turned to Michael; and he sensed her surprise when Eloise greeted him cordially in her purring voice.

"Why, how do you do, Mr. Menlow."

Eloise didn't seem to have noted that Lilah was introduced as "Mrs. Menlow."

The smiling Aunt Mary maneuvered Lugh and Lilah and herself into the former's car, leaving Michael to follow with Eloise in her own. Lugh got under way immediately, but Michael, excited, let us say, attempted to start his car without unlocking the gear-shift, and was delayed. Lilah turned squarely in the rear seat of the receding car to look pointedly at her husband and his companion. Michael smiled at her. She turned again to the front without a responsive glance.

(To be continued.)
